## OFFICE OF THE CITY MANAGER

City Hall • 425 N. El Dorado Street • Stockton, CA 95202-1997 • 209 / 937-8212 • Fax 209 / 937-7149  
[www.stocktonca.gov](http://www.stocktonca.gov)

January 31, 2023

To the Honorable Mayor,  
City Council, Audit Committee and the  
Citizens of the City of Stockton, California

The Stockton City Charter, federal grant regulations, and agreements with investors require the City of Stockton, California ("City") to publish a complete set of financial statements presented in conformance with Generally Accepted Accounting Principles ("GAAP") and audited by a firm of licensed, certified public accountants. Under those requirements, we respectfully submit the Annual Comprehensive Financial Report ("ACFR") of the City of Stockton for the fiscal year ("FY") ended June 30, 2022.

Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge, the data, as presented, is accurate in all material aspects; and is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds. This report contains all disclosures necessary to enable the reader to fully understand the City's financial affairs.

An overview of the City's financial activities for the fiscal year is discussed in detail in the Management's Discussion and Analysis ("MD&A") section of the ACFR.

### **PROFILE OF THE GOVERNMENT**

The City of Stockton is located in the center of California's San Joaquin Valley and is the seat of San Joaquin County. Stockton is located about 80 miles east of the San Francisco Bay Area and 40 miles south of Sacramento, California's Capitol.

One of the oldest cities in the State of California, Stockton was founded in 1849 and incorporated in 1850. In 1888, the voters approved Stockton's first local Charter, which was ratified by the State Legislature in 1889. The current Charter was approved by the voters in November 1922 and became effective in 1923. This Charter changed the City from a commission form of government to the current City Council-City Manager form of government. Under the Council-Manager form of government, the City Council has policy-making and legislative authority. Representatives from six districts are chosen by district election, with the Mayor being chosen by citywide election, for staggered four-year terms, with a two-term limit. The City Manager is responsible for carrying out the City Council's policies and ordinances, appointing department heads, and overseeing the City's operations. The City Council appoints the City Manager, City Attorney, City Auditor, and City Clerk.

The City Charter has been amended many times since 1922, with the most recent amendments approved by voters in November 2016. Those amendments eliminated city-wide voting for Council districts, modified the Mayor's compensation, powers, and duties, and made several changes related to budget and fiscal affairs.

The City provides a full range of municipal services, including police and fire protection, community development, economic development, affordable housing, public works and street maintenance, parks, recreational services, libraries, and water, wastewater, and stormwater utilities. The City serves approximately 55% of water accounts in the City while the California Water Service Company, an investor-owned company, provides water service to 42%, and San Joaquin

County provides water service to the remaining 3%.

This report includes the Stockton Public Financing Authority's financial activity, a separate legal entity controlled by the City. The City reports the Successor Agency to the Redevelopment Agency of the City of Stockton's financial statements as a private-purpose trust fund in these financial statements.

The Council is required to adopt an annual budget following a public hearing to review the proposed annual budget. This annual budget serves as the foundation for the City's financial planning and control. The City prepares the budget by fund, function, and department, e.g., Police. Department heads may transfer budget appropriations within a department as they see fit. Transfers between General Fund departments, however, need City Council approval. Outside the General Fund, the City Manager has the authority to transfer budget appropriations at the fund level.

## **THE LOCAL ECONOMY**

The City encompasses nearly 65 square miles, is surrounded by the San Joaquin Valley's fertile lands and is home to the furthest inland deep-water seaport in California. The City has a well-diversified economic base that has evolved from its agricultural roots to become a regional center for commerce, including the second-largest transportation and logistics hub in the United States. In addition to the Port of Stockton, the City is equipped with a regional airport, a Burlington Northern Santa Fe intermodal facility, and interstate freeways. The University of the Pacific, California State University-Stanislaus-Stockton campus, Humphries College, and San Joaquin Delta Community College are all located in Stockton. Four school districts serve K-12 students within City limits.

In January 2022, Stockton's population was 322,489, according to the California Department of Finance, which represents a 0.52% increase over last year's population of 320,804. The California Department of Finance also projects the San Joaquin County population will continue to increase at a rate of approximately 1.11% and 1.13% in 2023 and 2024, respectively. As the 11th largest city in California, Stockton is comparable in size to other cities such as Lexington, St. Paul, Newark, and Orlando.

According to the California Employment Development Department, the unemployment rate in Stockton has decreased by approximately 4.6% between July 1, 2021 to July 1, 2022, from 10.3% to 5.7%. Per the Bureau of Labor Statistics, the national unemployment rate has decreased 1.9% (from 5.4% to 3.5%) for the same period.

According to Redfin, the Stockton housing market is likely to decrease over the next year. As of June 2022, the median home value in Stockton was approximately \$469,000 which is an increase of 9.1% over the previous year of \$430,000; however, this represents a halt in the rise of home values.

## **FINANCIAL CONDITION HIGHLIGHTS**

Financial results for the year compare favorably with budget estimates in most areas of the City's operations. For the General Fund, financial results for the year were better than estimated. Expenditures (including encumbrances and carryovers and other uses of funds) came in 6.5% under budget. Revenues (including other sources of funds) were 18.7% above budget estimates. As a result, the General Fund balance at June 30, 2022 (excluding related funds) of \$98 million was combined with prior year reserve funds of \$34 million for a total of \$132 million available to fund reserves. Of the available balance, \$113.3 million was allocated to reserves: \$47.2 million to the Working Capital operating reserve, \$55.3 million to the known contingencies reserves, and the risk-based reserve category was increased to \$10.8 million. Portions of the balance were also committed to the IRS Section 115 Pension trust (\$10 million), future contingent creditor payments (\$3.6 million), and one-time Council priority projects (\$5.7 million).

The City Council has a reserve policy that calls for the City to maintain a 17% operating reserve and establishes additional reserves for known contingencies, unforeseen revenue changes, infrastructure failures, and catastrophic events. Additionally, the policy sets an automatic process to deposit one-time revenue increases and expenditure savings into the reserves. These policies are consistent with the Government Finance Officers' Association (GFOA) best practice recommendations and Governmental Accounting and Standards Board (GASB) guidance.

The Statement of Net Position (revenues and sources of funds less expenses and uses of funds) for the City is approximately \$1.8 billion. The City's net position is roughly \$216.7 million higher, or 13.8%, than the prior fiscal year, with most of the growth in Governmental Activities.

## *The City's Long-Range Financial Plan*

The City maintains a comprehensive and detailed 20-year Long-Range Financial Plan ("L-RFP"), which provides a long-term forecast for the City's General Fund and other funds' impacts on the General Fund. The L-RFP is a vital tool and reflects the City's commitment to fiscal health and sustainability. This financial model is used to evaluate the immediate impact of budgetary decisions and the ongoing costs of those decisions over multiple years. The L-RFP was developed as part of the City's bankruptcy exit plan, or Plan of Adjustment, which included certain assumptions and agreements reached with creditors. Since its development, the L-RFP has become a dynamic tool that is updated based on current revenue and expenditure trends. Though the individual variables and assumptions may change over time, the L-RFP provides a consistent model to forecast the City's fiscal position.

A summary of the L-RFP is available on the City's website:

<http://www.stocktonca.gov/government/departments/adminservices/budLrfp.html>

For a more detailed analysis of the financial performance of the City, refer to the Management's Discussion and Analysis sections titled Financial Analysis of the City's Funds and General Fund Budgetary Highlights.

## *The City's Irrevocable Post-Employment Benefits Trust*

On November 7, 2017, the City created an irrevocable post-employment benefits trust program, also known as an Internal Revenue Code Section 115 trust (Trust). This Trust is designed to pre-fund pension costs and to offset GASB 68 net pension liabilities. The ending balance in the trust as of June 30, 2022 was \$69.9 million (\$62.6 million General Fund). The Trust allows the City to set aside funds through a tax-exempt funding mechanism to mitigate long-term contribution rate volatility. The Trust will enable the City to control the assets and when the City utilizes them. Also, the statutory investment restrictions that apply to the City's investment portfolio do not apply to assets held in a post-employment benefits trust. The City will strive to accrue an amount in the Trust sufficient to fund annual CalPERS costs during economic downturns or other periods when annual revenues are forecast to be insufficient.

## *Access to the Financial Markets*

The City has no long-term bonds backed by the General Fund. The last rating actions on the City's General Fund-backed debt was a Standard & Poor upgrade to "BB", with a continuing positive outlook in August 2018. In April 2019, Moody's issued an upgrade for the City's General Fund of "A3", from "Baa1". The City's Wastewater utility maintained ratings of "A" by Standard & Poors and "A+" by Fitch. In 2022, both Standard & Poors and Fitch re-affirmed the City's Water debt ratings of "A" and "AA-", respectively. The Parking Revenue Bonds are currently rated at BBB- after revenues declined during the COVID pandemic shutdowns.

The City does not anticipate issuing any bonds backed by the General Fund. However, the City does plan on incurring additional debt through various funding sources over the next several years to upgrade its wastewater facilities, including the renovation of the Regional Wastewater Control Facility (RWCF). The City is in the process of completing a \$46.8 million draw on a low-interest loan through the California Clean Water State Revolving Fund (CWSRF) program, and anticipates receipt of funds in spring 2023.

In addition, there may also be a need to issue land-based debt to support residential and industrial/commercial development.

## **RESERVE POLICIES**

The City's General Fund reserve policy calls for the City to maintain a 17% operating reserve (approximately two months of expenditures) and establishes additional reserves for known contingencies, unforeseen revenue changes, infrastructure failures, and catastrophic events. The known contingencies include amounts to address staff recruitment and retention, prefund future CalPERS costs, replace public safety radio infrastructure and the City's financial system, and relocate many City operations to the Waterfront Towers location. The City's Governmental Funds reported a combined ending fund balance of \$607.1 million at the close of June 30, 2022, an increase of \$101.4 million compared with the prior fiscal year. The General Fund balance in this report, as of June 30, 2022, was \$178.6 million without encumbrances. Included in this fund balance and under the guidance of the Reserve and Fund Balance Policy – General Fund (excluding related funds), Council took action to fully fund the priority one working capital reserve at \$47.2 million, fully fund known contingency reserves at \$55.3 million, and increased the risk-based reserves to \$10.8 million.

The policy establishes an automatic process to deposit one-time revenue increases and expenditure savings into the reserves. These policies are consistent with GFOA's best practice recommendations and GASB guidance.

The reserve policy is available on the City's website at:

[http://www.stocktonca.gov/files/General\\_Fund\\_Reserve\\_Policy.pdf](http://www.stocktonca.gov/files/General_Fund_Reserve_Policy.pdf)

### ***DEBT POLICY AND ANNUAL CONTINUING DISCLOSURES***

The City's debt policy is available on its website as follows:

[http://www.stocktonca.gov/files/Capital\\_Financing\\_Debt\\_Management\\_Policy.pdf](http://www.stocktonca.gov/files/Capital_Financing_Debt_Management_Policy.pdf)

The City's annual financial disclosures are available on the Municipal Securities Rulemaking Board's and Electronic Municipal Market Access website at <http://emma.msrb.org>.

### ***INVESTMENT POLICY***

The City adopts an investment policy annually that provides guidelines for the prudent investment of the City's cash balances. The City contracts with Public Financial Management for the day-to-day management of the City's long-term investment portfolio. The Administrative Services Department oversees both the City's long-term investment portfolio management and liquid cash requirements. The City's investment policy is posted on the City's website:

[http://www.stocktonca.gov/files/Investment\\_Policy\\_Final\\_080817.pdf](http://www.stocktonca.gov/files/Investment_Policy_Final_080817.pdf)

### ***CASH AND INVESTMENTS***

The California Government Code and the City's investment policy adopted in compliance with that Code define how the City can invest its cash. The City's policy also outlines the principles for maximizing the City's cash management operations' efficiency while meeting the daily cash flow demands of the City. The average overall return rate on funds not held by fiscal agents for the fiscal year ending June 30, 2022, was 3.26%. This amount includes both realized and unrealized gains distributed to funds. Absent unrealized Fair Market Value gains and Accrued Interest amounts distributed on June 30, 2022, distributed returns would have been 0.99%.

Additional information on the City's cash and investment management can be found in Notes 1 and 2 in the notes to the financial statements.

### ***GENERALLY ACCEPTED ACCOUNTING PRINCIPLES***

The GASB establishes GAAP for local and state governments in the United States and Canada. Its counterpart for private-sector entities is the Financial Accounting Standard Board. The American Institute of Certified Public Accountants and state and federal regulators require that financial reports follow GAAP to receive an unmodified audit opinion. The GFOA and the California Committee on Municipal Accounting entail additional standards that govern disclosures in the ACFR.

GAAP requires management to provide a narrative overview and analysis discussing the City's financial position to accompany the basic financial statements. This narrative overview is called Management's Discussion and Analysis (MD&A), which provides an analytical overview of the City's financial position for its significant funds, as defined by GAAP, on a government-wide basis. This letter of transmittal is intended to complement the MD&A and not to duplicate the MD&A. It provides additional qualitative information on impacts to the City to help improve the reader's understanding of the data presented in the ACFR.

The City's ACFR conforms to the requirements established by GAAP, the City's Charter, GFOA standards, and agreements with investors. The ACFR includes basic financial statements, footnotes, supplemental information required by GASB for GAAP financial reports, MD&A of the financial statements, the City's independent auditor's opinion regarding the

conformance of the financial statements with GAAP, and other information required to conform to GFOA standards.

## ***INDEPENDENT AUDIT***

The City Charter, Article XIX, Section 1911, states: "after the close of the fiscal year, an annual audit shall be made of the City's funds. Such audit shall be made by a firm of independent certified public accountants." The Pun Group, LLP, an independent firm of licensed, certified public accountants, has audited the City of Stockton's financial statements.

The purpose of the independent audit is to obtain reasonable assurance that the City's financial statements are free of material misstatement and are fairly presented in conformity with GAAP. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

The independent auditors issued an unmodified opinion for the fiscal year ended June 30, 2022.

## ***SINGLE AUDIT REPORT TO FEDERAL GRANTING AGENCIES***

A broader, federally-mandated "Single Audit," designed to meet federal granting agencies' needs, is also required. The standards governing Single Audit engagements require the independent auditor to report on the fair presentation of the financial statements and the audited government's internal controls and compliance with legal requirements, emphasizing internal controls and legal requirements involving the administration of federal awards.

The City prepares a separate single audit report in conformity with the Federal Single Audit Act's provisions as amended and U.S. Office of Management and Budget Uniform Guidance, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards." This report is filed with the federal clearinghouse on or before March 31 each year.

## ***RISK MANAGEMENT***

During FY 2021-22, the City continued its self-insurance program for General Liability, Property, and Workers' Compensation. The City is a member of the California Joint Powers Risk Management Authority for General Liability and All Risks Property Program, which is primarily underwritten by various insurance companies. The Property All Risks coverage is up to \$400 million per occurrence with a \$250,000 deductible. The self-insured retention ("SIR") for General Liability is \$1.25 million. The City is also a member of the Public Risk Innovation, Solutions and Management insurance pool for excess Workers' Compensation coverage. The SIR is \$500,000.

## ***INTERNAL CONTROLS AND LIMITATIONS***

The ACFR intends to provide the City Council and the public with an understanding of the City's financial position. City management assumes responsibility for the completeness, accuracy, and reliability of the information presented in this report. City management established an internal control framework intended to protect the City's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the City's financial statements.

The City's comprehensive system of internal controls continues to be the subject of an ongoing review to ensure the timeliness and accuracy of the ACFR, and improve management reporting and controls. The City's Finance team, along with the City's Internal Auditor (Moss Adams LLP) continues to work together to close out prior audit findings and continually improve the City's key controls, systems, and policies and procedures.

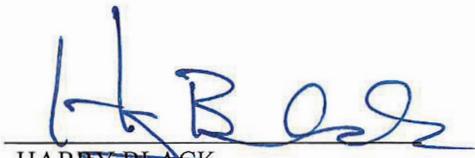

Budgetary control is at the department level for the General Fund and the fund level for all other funds. Transfers within funds and like categories of the same department require City Manager approval. Revisions to increase appropriation authority above a department's original adopted budget require City Council approval.

## **ACKNOWLEDGEMENTS**

This report would not have been possible without the dedicated professionals in the Administrative Services Department and employees' cooperation from throughout the City who provided detailed information and other support and assistance.

We also want to thank the Mayor, City Council, and the Audit Committee for your interest and support in planning and conducting the City's financial operations responsibly and sustainably.

Respectfully submitted,

HARRY BLACK  
CITY MANAGER

## INDEPENDENT AUDITORS' REPORT

[www.pungroup.cpa](http://www.pungroup.cpa)

To the Honorable Mayor and the Members of the City Council  
of the City of Stockton  
Stockton, California

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Stockton, California (the "City"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2022 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Emphasis of Matter*

##### *Change in Accounting Principle*

As discussed in Note 1X to the financial statements, the City adopted new accounting guidance, Governmental Accounting Standard Board ("GASB") Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

##### *Prior Period Adjustments*

As discussed in Note 19 to the basic financial statements, the City recorded restatements due to GASB 87, Leases implementation for the governmental activities and business-type activities in the amount of \$1,602,826 and \$45,199, respectively. In addition, the City also recorded a prior period adjustment in the Successor Agency fund in the amount of \$1,868,468 to due correction of the cash with fiscal agent. Our opinion is not modified with respect to this matter.

To the Honorable Mayor and the Members of the City Council  
of the City of Stockton  
Stockton, California  
Page 2

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Honorable Mayor and the Members of the City Council  
of the City of Stockton  
Stockton, California  
Page 3

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and the Schedule of Changes in Net Pension Liability and Related Ratios, and the Schedule of Contributions - Pensions as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and the schedule of sources and uses – Measure A and B are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of sources and uses – Measure A and B are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

To the Honorable Mayor and the Members of the City Council  
of the City of Stockton  
Stockton, California

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
UNAUDITED**

**JUNE 30, 2022**

**INTRODUCTION**

As management of the City of Stockton ("City"), we offer readers of the City's financial statements this overview and analysis of the City's financial activities for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with the accompanying Transmittal Letter, the Basic Financial Statements, and the Notes to the Financial Statements. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

**FINANCIAL HIGHLIGHTS**

***Government-wide:***

- The City's total net position for the governmental and business-type activities show that, as of June 30, 2022, total assets and deferred outflow of resources exceeded its liabilities and deferred inflow of resources by \$1.78 billion. Of this amount, \$29.3 million represents the unrestricted net position, \$549.8 million is restricted for City's ongoing obligation related to programs with external restrictions, and \$1.2 billion represents the City's net investment in capital assets, less any related outstanding debt used to acquire those assets.
- Governmental revenues and transfers total \$510.1 million and include program revenues of \$220.7 million and general revenues of \$289.0 million. Governmental expenses were \$321.6 million.
- Business-type program revenues, and investment earnings were \$164.5 million, while business-type expenses were \$135.9 million.

***Fund Level:***

- The City's Governmental Funds reported a combined ending fund balance of \$607.1 million at the close of June 30, 2022, an increase of \$101.4 million compared with the prior fiscal year. The General Fund balance in this report, as of June 30, 2022, was \$178.6 million without encumbrances. Included in this fund balance and under the guidance of the Reserve and Fund Balance Policy – General Fund (excluding related funds), Council took action to fund the priority one working capital reserve at \$47.2 million, fully fund known contingency reserves at \$55.3 million, and increased the risk-based reserves to \$10.8 million.
- The total Governmental Fund revenues increased from the prior fiscal year by 15.5 percent. A large portion of this increase is attributable to special federal grants and subsidies for fiscal year 2021-22 with approximately \$75.5 million related to COVID-19 pandemic recovery efforts. Other large increases were due to sales tax revenues, franchise fees, charges for services; however, the city saw a loss in investment earnings due to the fair market value adjustment.

The total Governmental Fund expenditures increased by 9.4 percent compared to the prior fiscal year primarily due to a \$26.9 million increase in capital outlay expenditures. General government and parks and recreation expenditures also experienced post pandemic growth. The increases in all three of these categories reflect expenditure of federal grants and subsidies.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The City's Annual Comprehensive Financial Report consists of four main components: 1) management's discussion and analysis, 2) the basic financial statements, 3) required supplemental information, and 4) combining non-major fund financial statements. The basic financial statements include two kinds of statements that present different views of the City, the government-wide, and the fund financial statements:

- The government-wide financial statements provide both long-term and short-term information about the City's overall financial status.
- The fund financial statements focus on the City government's individual parts, reporting the City's operations in more detail than the government-wide statements.

## **OVERVIEW OF THE FINANCIAL STATEMENTS, CONTINUED**

The basic financial statements also include notes that provide additional information essential to understanding the data contained in the government-wide and fund financial statements. The statements and notes are followed by the Schedule of Changes in Net Pension Liability and Relations Ratios and Schedule of Changes in Contributions for the City's pension plans which are required supplemental information. In addition to these required elements, we have included combining statements and schedules that provide details about the City's other Governmental Funds, other Enterprise Funds, the Water Enterprise Fund, the Wastewater Enterprise Fund, Internal Service Funds, Investment Trust Funds, and Agency Funds, each of which is presented in a column in the basic financial statements.

### **Government-Wide Financial Statements:**

The government-wide financial statements report information about the City using accounting methods like those used by private-sector companies. The statement of net position includes all the City's assets and liabilities and any deferred outflows and inflows of resources. The statement of activities includes all current year revenues and expenses regardless of when cash is received or paid. These government-wide statements report the City's net position and how the City's net position has changed during the fiscal year. Over time, increases or decreases in position may serve as a useful indicator of whether the financial health of the City is improving or deteriorating.

The government-wide financial statements of the City are divided as follows:

- Governmental activities – Most of the City's basic services are included here, such as police, fire, public works, community development, parks and recreation, and general government. Taxes and state and federal grants finance most of these activities.
- Business type activities – Certain services provided by the City are funded by customer fees. Among these are the City's utility services, parking authority, and other non-major enterprise funds.

This Annual Comprehensive Financial Report ("ACFR") includes the financial activity of the separate legal entity controlled by the City, the Stockton Public Financing Authority.

The Successor Agency's activities are reported as a Private-Purpose Trust Fund in the ACFR. The City Council sits as the Successor Agency to the Stockton Redevelopment Agency's Board. All actions about the Successor Agency's obligations are made by the Successor Agency Countywide Oversight Board, which is comprised of members representing the interests of local jurisdictions affected by redevelopment activities and revenue claims.

The government-wide financial statements can be found on pages 17-19 of this report.

### **Fund Financial Statements:**

A fund is a group of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate finance-related legal compliance. Fund financial statements provide more detailed information about the City's largest funds, not the City as a whole. The City has three types of fund financial statements: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

*Governmental Funds* – Governmental Fund statements tell how general government services such as police, fire, and public works, among others, were finances in the short term as well as what remains for future spending. Most of the City's basic services are included in Governmental Funds, focusing on (1) short-term inflows and outflows of spendable resources and (2) the remaining year-end balances available for spending. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations that explain the relationship (or differences) between Governmental Funds and Governmental Activities follow the Governmental Fund Statements.

The basic Governmental Fund Financial Statements can be found on pages 22-25 of this report.

## **OVERVIEW OF THE FINANCIAL STATEMENTS, CONTINUED**

### **Fund Financial Statements, Continued:**

*Proprietary Funds* - Services for which customer fees are intended to finance the costs of operations are generally reported in Proprietary Funds. Proprietary Fund statements, like the government-wide statements, provide short-term and long-term financial information about the activities the City operates like businesses, such as utility services, parking facilities, and marina operations.

The basic Proprietary Fund financial statements can be found on pages 28-37 of this report.

*Fiduciary Funds* - Fiduciary Fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources belong. The City is the trustee, or fiduciary, for a closed pension plan. It is also responsible for other assets reported in an investment trust fund, which, because of trust agreements, can be used only for the trust beneficiaries. The City elected to serve as the Successor Agency for its former Redevelopment Agency, which was dissolved by state law. The Successor Agency activity is accounted for in a Private Purpose Trust Fund. The City is responsible for ensuring that assets reported in these funds are used for their intended purposes. All the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City's government-wide financial statements because the City cannot use these resources to finance its operations.

The basic Fiduciary Fund's financial statement can be found on pages 40-41 of this report.

### **Notes to the Basic Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the financial information provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 45-107 of this report.

### **Other information**

In addition to the basic financial statements, this report presents certain required supplementary information. This information provides a budgetary comparison schedule for the General Fund, Federal Housing Grants Special Revenue Fund, and the Special Grants Fund, as well as information about the City's participation in the PERS and PARS defined benefit pension plans.

Required supplementary information can be found on pages 109-127 of this report.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

### ***Analysis of Net Position***

The City's net position may serve over time as a useful indicator of a government's financial health or financial position. As of June 30, 2022, the City's total assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$1.8 billion, which is an increase of \$216.7 million or 13.8 percent compared to the prior fiscal year.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS, CONTINUED**

### **Analysis of Net Position, Continued:**

The following is the condensed statement of net position for the fiscal years ended June 30, 2022, and 2021 (amounts in thousands):

	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
<b>Assets:</b>						
Current and other assets	\$ 936,598	\$ 840,374	\$ 269,527	\$ 314,829	\$ 1,206,125	\$ 1,155,203
Capital assets	822,615	794,633	819,159	769,890	1,641,774	1,564,523
Total assets	1,759,213	1,635,007	1,088,686	1,084,719	2,847,899	2,719,726
<b>Deferred Outflow of Resources:</b>						
Unamortized loss on refunding of debt	-	-	13,645	14,555	13,645	14,555
Pension-related deferred outflows of resources	59,815	76,508	2,989	2,528	62,804	79,036
Total Deferrals-Outflows	59,815	76,508	16,635	17,083	76,450	93,591
<b>Liabilities:</b>						
Current and other liabilities	110,864	118,953	40,483	40,847	151,347	159,800
Long-term obligations	113,328	116,888	385,126	406,979	498,454	523,867
Net Pension liability	313,515	533,858	8,391	15,774	321,906	549,632
Total liabilities	537,707	769,699	434,001	463,600	971,708	1,233,299
<b>Deferred Inflow of Resources:</b>						
Pension-related deferred inflows of resources	162,705	11,688	6,373	1,405	169,078	13,093
Leases	1,449	1,520	59	86	1,508	1,606
Total Deferrals Inflows	164,154	13,208	6,432	1,491	170,586	14,699
<b>Net position:</b>						
Net investment in capital assets	764,271	733,822	438,675	365,919	1,202,946	1,099,741
Restricted	524,406	458,650	25,394	46,241	549,800	504,891
Unrestricted (deficit)	(171,510)	(263,864)	200,819	224,551	29,309	(39,313)
Total net position	\$ 1,117,167	\$ 928,608	\$ 664,888	\$ 636,711	\$ 1,782,055	\$ 1,565,319

The primary components of the City's net position consist of the following elements:

- The investment in capital assets (e.g., infrastructure, land, buildings, improvements other than buildings, construction in progress, and equipment), less any related debt used to acquire assets still outstanding, represents the largest portion of the City's net position at \$1.2 billion or 67.5 percent. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City reports its investment in its capital assets net of related debt, the resources needed to repay this debt must be provided from other sources because proceeds from the sale of capital assets are not used to liquidate these liabilities.
- External restrictions represent \$549.8 million or 30.9 percent of net position and are subject to various external restrictions on how they may be used. Creditors, grantors, contributions, or laws and regulations of other governments have imposed this component of the net position; or it has been imposed by law through enabling legislation or constitutional provisions.
- The unrestricted net position is \$29.3 million or 1.6 percent of the total net position. Information about changes in net position for FY 2021-22 and FY 2020-21 is summarized on the following page. The ACFR discusses the reasons for the changes in the sections for governmental activities and business-type activities.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS, CONTINUED**

### **Analysis of Net Position, Continued:**

The following table indicates the change in net position for Governmental and Business-type activities (amounts in thousands):

	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
<b>Revenues</b>						
Program revenues:

	\$ 1,117,167	\$ 928,608	\$ 664,888	\$ 636,711	\$ 1,782,055	\$ 1,565,319

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS, CONTINUED**

### **Analysis of Net Position, Continued:**

**Governmental activities:** The change in net position increased by \$188.6 million compared to the prior fiscal year due to these following variances:

- Total governmental activities revenues increased by \$52.2 million or 11.4 percent compared to the prior fiscal year. The increase were mostly attributable to additional operating and capital grants and state & city levied sales and use taxes. However, due to the low interest rate environment, there was \$39.6 million revenue decrease in investment income due to a fair market value adjustment.
- Total governmental activities expenses show a decrease of \$54.4 million. A large part of this decrease is attributed to the pension credit recorded due to the PERS actual investment earnings higher than the expected rate of return. .

**Business-type activities:** The change in net position increased by \$28.2 million compared to the prior fiscal year primarily due wastewater rate increases to cover operating costs and capital commitments.

## **FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. This analysis should be read in conjunction with fund financial statements beginning on page 22.

### ***Governmental Funds***

As of June 30, 2022, the City's Governmental Funds reported a combined ending balance of \$607.1 million, an increase of \$101.4 million compared to the prior fiscal year. The total fund balance of the Governmental Funds consists of the following:

- The non-spendable fund balance of \$2.2 million were amounts that inherently cannot be spent, such as inventories and prepaid items. Also, long-term loans and notes receivable, and property held for resale would be reported here unless the proceeds are restricted, committed, or assigned.
- Restricted fund balance of \$433.6 million that is based on restrictions imposed by external parties or enabling legislation.
- Committed fund balance of \$123.8 million was constrained for a specific purpose by the City Council through resolution. It would require action by the same group to remove or change the constraints placed on the resources.
- Assigned fund balance of \$4.3 million was constrained for the intent to be used for a specific purpose by a governing board or a body or official that has been delegated authority to assign amounts. The amount reported as assigned should not result in a deficit in the unassigned fund balance.
- The unassigned fund balance of \$43.2 million includes the working capital reserve established in the Reserve and Fund Balance Policy-General Fund to accommodate normal fluctuations in the timing of revenues and unforeseen operational costs.

Document Transfer/other	5,641	1.1%	4,095	0.9%	1,546	37.8%
License and permits	9,129	1.8%	7,670	1.7%	1,459	19.0%
Intergovernmental	246,713	48.4%	194,701	44.1%	52,012	26.7%
Charges for services	39,532	7.8%	31,330	7.1%	8,202	26.2%
Fines and forfeitures	2,001	0.4%	379	0.1%	1,622	428.1%
Use of money and property	9,955	2.0%	5,731	1.3%	4,224	73.7%
Interest income	(13,673)	-2.7%	7,785	1.8%	(21,458)	-275.6%
Refunds and reimbursements	550	0.1%	602	0.1%	(52)	-8.6%
Miscellaneous	8,258	1.6%	10,189	2.3%	(1,931)	-18.9%
Total	\$ 509,910	100.0%	\$ 441,514	100.0%	\$ 68,396	15.5%

The graph below shows 2022 revenue categories as a percent of the total.

## **FINANCIAL ANALYSIS OF THE CITY'S FUNDS, CONTINUED**

### ***Governmental Funds, Continued:***

The following bullets provide an explanation of significant changes in revenues compared with the prior fiscal year:

- Sales tax revenues, reported under both Sales taxes and intergovernmental revenues, increased \$25.3 million or 19 percent over the prior year as consumer spending habits shifted during the pandemic and federal stimulus dollars added to household disposable income. A change in reporting by a taxpayer in the prior fiscal year continued to result in additional tax revenues being allocated directly to the City rather than shared through a pool.
- Federal grants and other intergovernmental revenues were approximately \$41.0 million greater than the prior year primarily due to additional COVID relief funds.
- Property tax revenues saw an increase due to a strong real estate market and industrial development.
- Due to the historic low interest rate environment, interest income resulted in a deficit due to the fair market value adjustment.
- Charges for services increased by \$8.2 million or 26 percent over the prior year primarily due to more Public Facility Fee and Development Services fees generated from the issuance of more commercial and industrial building permits in FY 2022.

Expenditures - The following table presents expenditures (amounts in thousands) by function compared with the prior fiscal year:

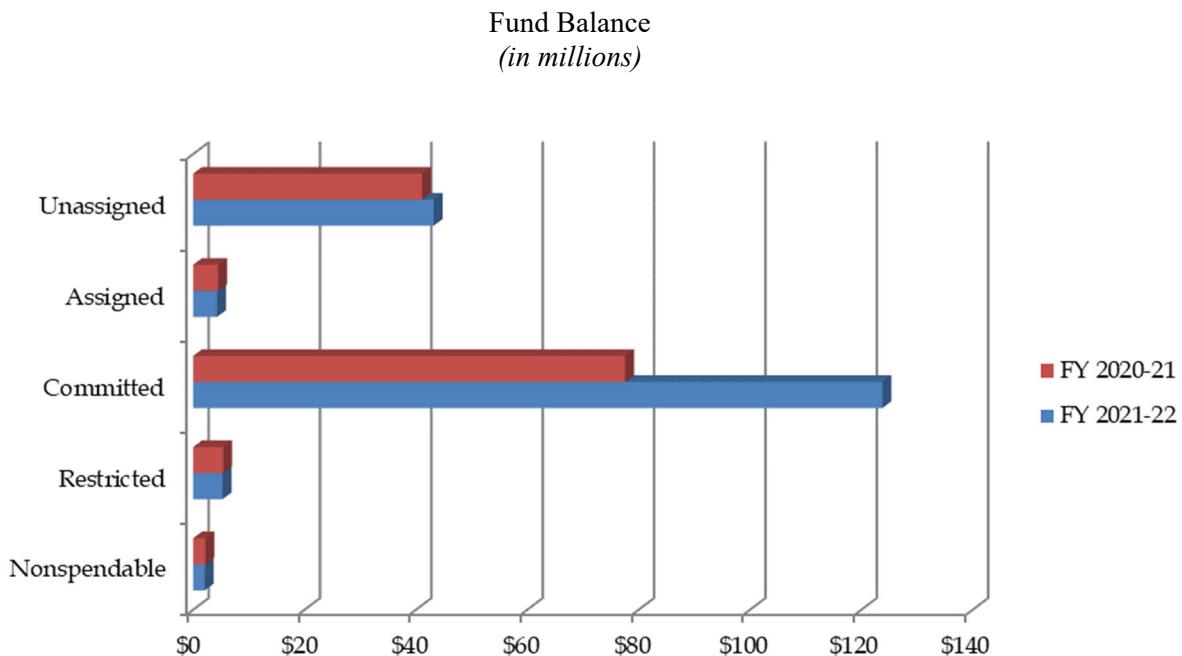

Expenditures by Function	2022		2021		Increase/(Decrease)	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent of Change
<b>Current:</b>						
General government	\$ 76,830	18.8%	\$ 72,185	19.3%	\$ 4,645	6.4%
Public safety	206,107	50.4%	205,923	55.1%	184	0.1%
Public works	34,263	8.4%	41,960	11.2%	(7,697)	-18.3%
Library	14,658	3.6%	12,762	3.4%	1,896	14.9%
Parks and recreation	14,552	3.6%	8,207	2.2%	6,345	77.3%
Capital outlay	53,033	13.0%	26,127	7.0%	26,906	103.0%
Debt service	9,340	2.3%	6,422	1.7%	2,918	45.4%
Total	\$ 408,783	100.0%	\$ 373,586	100.0%	\$ 35,197	9.4%

The following bullets explain the expenditures that changed significantly compared with the prior fiscal year.

- General government expenditure increased by \$4.6 million and a large portion of this is attributed to the special grants.
- Capital outlay expenses increased with a corresponding decrease in Public Works. A change in reporting moved Capital Outlay expenses out of the Public works function. The significant Capital outlay changes over prior year is attributable to major projects such as construction of the Northeast Library and Recreation center, Bicycle and Pedestrian Path development, and Federal-Aid Urban (FAU) street resurfacing activities.
- Library and Recreation expenditures increased over prior year with the restoration of programming that was suspended at library and recreation facilities during FY 2021 due to COVID restrictions.

## General Fund

Below is a graph that depicts the change in General Fund balances between FY 2021-22 and FY 2020-21. The committed and unassigned balances have increased from the prior fiscal year.

NOTE: Does not include PARS 115 Trust

The City's General Fund provides police, fire, development, public works, and administrative services to the City's residents, other funds, businesses, and visitors. The General Fund is distinct from the City's other funds because it is the only source of unrestricted funds that the City Council can allocate at its discretion for any municipal purpose.

General Fund revenues were \$304.0 million at the close of June 30, 2022, an increase of \$17.6 million (6.1 percent) compared to the prior fiscal year. Significant changes in General Fund revenues compared with the previous fiscal year include:

- Sales tax levied by the City and the State was up significantly this year (\$15.6 million) compared to the prior fiscal year from a combination of pandemic driven shifts in consumer spending habits, federal stimulus dollars, price inflation, and a shift in reporting of a major taxpayer.
- Property tax revenues increased by \$2.5 million due to a steady increase in property values and increased new non-residential construction.
- Use of money and property revenue increased \$3.7 million over prior year primarily due to higher revenues generated at entertainment venues as a result of the entertainment industry experiencing a recovery from the impacts of the COVID pandemic.
- Due to the low interest rate environment, interest income from the City's short- and long-term investment portfolios resulted in a deficit when compared to the prior fiscal year due to the fair market value adjustment.

General Fund expenditures were \$244.2 million, an increase of \$6.0 million or 2.5 percent compared to the prior fiscal year. General government expenses decreased by \$6.2 million compared to the last fiscal year. Public safety expense growth of \$3.6 million was primarily the result of health benefits, insurance premiums, and overtime expenses. Parks and recreation expenses increased \$6.4 million over prior year primarily due to the reopening of entertainment venues from the impacts of the COVID pandemic.

## **Proprietary Funds**

The City's Proprietary Fund Financial Statements provide the same type of information found in the Government-Wide Financial Statements but in more detail. At the end of June 30, 2022, business-type activities' net position was \$664.9 million, an increase of \$28.2 million or 4.4 percent compared to the prior fiscal year.

The assets and deferred outflows of resources increased by a combined total of \$3.5 million. Of this amount, the current cash and investments and other existing assets decreased by \$45.3 million, and non-current assets, including capital assets and deferred outflows, increased by \$48.8 million.

The liabilities and deferred inflows of resources decreased by \$21.8 million due primarily to the principal payments made on debt and pension-related adjustments.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

The City's FY 2021-22 General Fund Adopted Budget funded the City's most pressing needs in support of the Council's strategic priorities. However, it continued to be constrained by the City's long-term financial outlook especially in consideration of future pension and labor costs. The FY 2021-22 budget was developed as the City continued to respond to a once-in-a-century pandemic crisis with a focus on moving forward through the crisis and into recovery. With an unprecedented amount of state and federal dollars coming in to provide relief and recovery to Stockton citizens, capacity to deliver new operating budget programs was limited. The budget included some incremental service enhancements and high-priority one-time appropriations. This analysis should be read in conjunction with the General Fund Budgetary Information beginning on page 109.

The General Fund's original budgeted revenues totaled \$267.5 million and was decreased to \$267.0 million during the fiscal year. The General Fund ended the fiscal year with total revenues of \$304.0 million, reflecting a \$37.0 million, or 13.9 percent, increase over the final budget. The most significant revenue variance was sales tax revenues at \$26.9 million more than the budget. The revenue categories hardest hit by the COVID pandemic, Hotel Motel Taxes and the Document transfer taxes, recovered to pre-pandemic levels in FY 2021-22. Collection of Business license taxes improved during the pandemic as businesses had to show proof of a license for federal assistance. This trend continued into FY 2021-22 with revenues slightly lower than the prior year still exceeding the budget by \$4.3 million. The next largest budget variances were in Property taxes and Utility user taxes categories which benefited from new residential and industrial construction.

The General Fund's original expenditure budget of \$265.5 million was adjusted by encumbrances and commitments carried forward from the prior year for a total final budget of \$276.0 million. All General Fund departmental activities ended the fiscal year below budget. The debt service category shows an overage due to the booking of lease related entries for GASB 87 implementation and interest expense on a loan to the Emergency Communications subfund anticipated to be repaid in FY 2022-23. Actual expenditures and transfers-out were lower than the final approved budget appropriations by \$102.8 million, or 31.9 percent. Of this variance, \$48.2 million in appropriations rolled into FY 2022-23 for encumbrances, capital projects, and specific City Council authorized activities. General Government departments achieved a savings of \$6.3 million, Public Works activities were under budget by \$1.6 million, Parks and recreation activities were under budget by \$3.0 million, Library expenses were \$2.2 million below budget, and \$18.1 million was saved in Public Safety. A significant contributing factor to the savings was staff vacancies. Approximately \$16.7 million of the savings was the result of higher-than-anticipated vacancies across all General Fund departments. Many local governments are experiencing difficulties filling full-time positions in a very tight labor market. The number of full-time employees in FY 2021-22 was lower than the last five fiscal years and authorized positions have increased during this period.

The City's General Fund balance at June 30, 2022, was \$171.3 million on a budgetary basis, which is an increase of \$40.4 million from the prior year. The City Council authorized \$29.6 million of this increase to be added to General Fund reserves for a total funded reserve of \$113.3 million. The ACFR reporting of General Fund balance at \$171.3 million includes general services to the public such as public safety and streets, libraries, recreation centers, and emergency dispatch, whereas the quarterly budget status reports released through the City Council break down the general operations (\$132 million) separate from ancillary services of libraries, recreation, etc.

### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### ***Capital Assets***

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2022, amounted to \$1.6 billion (net of accumulated depreciation). Net investment in capital assets includes infrastructure, land, buildings, and improvements other than buildings, intangible assets, equipment, construction in progress, and leases. The total change in the City's net investment in capital assets for the current fiscal year was an increase of 4.9 percent. The City's capital assets, net of accumulated depreciation, for the governmental and business-type activities are presented below to illustrate changes from the prior year (amounts in thousands):

	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
Land	38,197	\$ 38,197	15,127	\$ 15,127	53,324	\$ 53,324
Intangible Assets	4,355	4,355	-	-	4,355	4,355
Building and Improvements	180,483	171,459	603,076	623,065	783,558	794,524
Machinery and Equipment	28,780	28,124	4,866	5,574	33,645	33,698
Infrastructure	377,710	388,419	-	-	377,710	388,419
Construction in Progress	192,072	162,225	193,438	123,266	385,510	285,491
Lease Assets	1,020	1,855	2,651	2,858	3,671	4,713
Total	\$ 822,615	\$ 794,634	\$ 819,159	\$ 769,890	\$ 1,641,774	\$ 1,564,524

Additional information on the City's capital assets can be found in Note 7 - Capital Assets of this report.

#### ***Bond Indebtedness***

At the end of the fiscal year, the City's total outstanding net bonded debt, including bankruptcy settlements, was \$453.5 million. Of this amount, \$57.8 million is related to governmental activities, and \$395.7 million are debt obligations of business-type activities.

Governmental activities bonded indebtedness decreased by \$2.1 million because of the scheduled principal payments.

Business-type activities bonded indebtedness also decreased by \$22.6 million due to the scheduled debt service payments for the enterprise debt and refund the 2019 Bond anticipation note.

Governmental outstanding net bonded debt of \$57.8 million includes \$53.1 million in settlement liability to the bond insurer (Assured Guaranty) for 2007 bonds adjusted in bankruptcy.

Business-type activities outstanding net bonded debt obligations of \$395.8 million includes \$196.0 million of revenue bonds of the Water Utility, \$157.0 million in revenue bonds and EPA WIFIA loan for the Wastewater Utility, and \$29.3 million in revenue bonds for the Parking Authority. Marina operations have a loan obligation of \$10.9 million through the State Department of Parks and Recreation. This obligation no longer accrues interest due to the bankruptcy settlement. The General Fund annually subsidizes the Marina's operations, and payments on this loan will not commence until subsidization is no longer needed.

Successor Agency bonded debt of \$91.3 million is reported separately in a Private Purpose Trust Fund. The balance outstanding at June 30, 2022, includes \$80.2 million of tax-exempt tax allocation bonds issued to refinance revenue bonds for various former redevelopment projects and \$11.1 million of taxable tax allocation bonds issued to refinance revenue bonds for various housing projects.

Additional information on the City's long-term debt can be found in Note 8 - Long-Term Liabilities of this report.

### ***Requests for Information***

This financial report is designed to provide citizens, taxpayers, customers, grantors, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Administrative Services Department of the City of Stockton at City Hall, 425 North El Dorado Street, Stockton, CA 95202.

Financial reports are available on the City's website at:

FUND FINANCIAL STATEMENTS

## **GOVERNMENT FUND FINANCIAL STATEMENTS**

### **Governmental Fund Types**

Governmental funds consist of the general fund, special revenue, debt service, capital projects, and permanent funds.

Special revenue and capital projects funds are used to account for the financial resources that are restricted, committed, or assigned to expenditures for special purposes or capital outlays, including the acquisition and development of capital facilities and other capital assets.

The City's major governmental funds include:

#### ***General Fund***

To account for resources not accounted for in another fund. The General Fund is the City's main operating fund reflecting transactions related to municipal governmental services supported by taxes, intergovernmental revenues, charges for services and other governmental type revenues.

#### ***Federal Housing Grants Special Revenue Fund***

To account for federal grant programs and other resources that provide for development of a viable urban community by providing a suitable living environment, loans to non-profit housing developers to acquire and rehabilitate abandoned and foreclose homes, and provides down payment assistance to qualified low- and moderate-income households. This fund includes the City's annual federal funding from the Community Development Block Grant, Community Rehabilitation Loan program, federal revolving loan program, revitalization activities in the designated Urban Development Action Grant area, Housing and Urban Development (HUD) Section 108, (Home) Housing grants and loans, and Neighborhood Stabilization Loan Program (NSP Funds).

#### ***Special Grants Special Revenue Fund***

To account for one-time resources received through the federal CARES and American Rescue Plan Act and in addition to some comparatively smaller grants from federal and state governments to support public safety and other community programs which are not otherwise accounted in other special revenue funds.

#### ***Capital Improvement Capital Projects Fund***

To account for the acquisition, construction and improvement of capital facilities as required by City Council action or state law in which the projects are financed by grants, lease proceeds and transfers from other City governmental funds.

Individual non-major funds are presented in the Supplementary Information section.

---

<b>Total Fund Balances - Total Governmental Funds</b>	\$ 607,068,868
---	----------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the governmental funds.

Non-depreciable (net of \$22,097,132 reported in the Internal Service Funds)	212,525,973
Depreciable and amortizable (net of accumulated depreciation and amortization \$440,331,590, and net capital assets \$21,623,192 reported in the Internal Service Funds)	566,368,589

Internal Service Funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the Government-Wide Statement of Net Position.

197,665,965

Long-term liabilities were not due and payable in the current period. Therefore, they were not reported in the Governmental funds' Balance Sheet.

Compensated absences (net of \$438,989 reported in Internal Service Funds)	(11,516,212)
Bonds payable and other long-term debt (net of \$202,160 in leases reported in Internal Service Funds)	(57,582,100)
Accrued interest payable (net of \$15,066 reported in Internal Service Funds)	(1,651,082)

Aggregate net pension liability is not due and payable in the current period and therefore is not required to be reported in the governmental funds.

(313,515,372)

Actuarially determined pension deferred outflows of resources are reported in the government-wide statements but are not reported in the governmental funds.

59,814,713

Actuarially determined pension deferred inflows of resources are reported in the government-wide statements but are not reported in the governmental funds.

(162,705,190)

Revenues which are unavailable on the Fund Balance Sheet, because they are not available currently, are taken into revenue in the Statement of Activities:

Unavailable revenue - other	20,692,380

**City of Stockton**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in**  
**Fund Balances of Governmental Funds to the Government-Wide Statement of Activities**  
**For the Year Ended June 30, 2022**

---

**Net change in fund balances - Total Governmental Funds:** \$ 101,441,783

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. Donated capital assets do not create or use financial resources, and are not reported in governmental funds. However, in the statement of activities, the cost/fair value of those assets are allocated over their estimated useful lives and reported as depreciation expense. Capital outlays, donated capital assets, capital asset disposals, loss from disposal of capital assets and depreciation expense are as follows:

Capital outlays (net of \$8,388,557 in Internal Service Fund and net \$9,248,365 expensed)	43,785,095
Net transfer of capital assets to the internal service fund	(6,015,680)
Capital asset disposals, net	(149,184)
Depreciation and amortization expenses (net of depreciation and amortization \$4,803,694 reported in Internal Service Funds)	(19,305,268)

Long-term debt (including refunding debt), net of bond premiums and discounts, provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of principal (including bond refundings) and costs of issuance are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets, and the costs of issuance increase deferred charges in the statement of net assets. Long-term debt proceeds, bond premiums, discounts, repayment of principal, costs of issuance and bond refundings are as follows:

Repayment of principal, net of \$256,440 in Internal Service Fund	1,943,101
Issuance of debt	(162,530)

Internal service funds are used by management to charge the costs of certain activities, such as central garage, equipment and insurance, to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities. Excluding extraordinary items as a result of remeasurement of liabilities .

3,571,937

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditure in governmental funds (net change):

Change in compensated absences (net of \$167,816 in Internal Service Fund)	993,873
Change in accrued interest	(454,502)
Change in unavailable revenue - other	10,277,764
Changes in deferred outflows, deferred inflows, and net pension liability	<u>52,632,207</u>

**Changes in net position of governmental activities** \$ 188,558,596

*This page intentionally left blank.*

## **PROPRIETARY FUND FINANCIAL STATEMENTS**

### **Proprietary Fund Types**

Proprietary funds focus on the determination of operating income, changes in net positions, financial position, and cash flows. There are two different types: enterprise funds and the internal service funds. Enterprise funds are used to report activities for which a fee is charged to external users for goods and services. Internal service funds may be used to report any activity that provides goods and services on a cost-reimbursement basis to other City funds, departments, or agencies of the primary government and its component units, or to other governments. The City's internal service funds include: General Liability Insurance, Workers' Compensation Insurance, Employee and Retiree Health Insurance, Retirement Benefits, Other Benefits and Insurance, Vehicle Fleet Equipment, Computer Equipment, Radio Equipment, and Other Equipment funds.

The City's major enterprise funds include:

#### ***Water Utility Enterprise Fund***

To account for activities associated with the acquisition or construction of water treatment facilities, production, distribution and transmission of potable water to users, and operations related to the provision of services.

#### ***Wastewater Utility Enterprise Fund***

To account for activities associated with the acquisition or construction, and operation and maintenance of wastewater facilities for collection, treatment, and disposal of wastewater, and operations related to the provision of services.

The City's nonmajor enterprise funds include:

#### ***Stormwater Utility Enterprise Fund***

To account for activities associated with the acquisition or construction, and operation and maintenance of stormwater facilities for drainage and disposal of stormwater, and operations related to the provision of services.

#### ***Parking Authority Enterprise Fund***

To account for activities associated with the acquisition or construction, operation and maintenance of off-street parking facilities, and operations related to the provision of services.

#### ***Downtown Marina Enterprise Fund***

To account for resources and activities associated with the operations and maintenance of the Downtown Stockton Marina facilities.

#### ***Golf Courses Enterprise Fund***

To account for resources and activities associated with the improvement, operation and maintenance of the Swenson golf course.

## **FIDUCIARY FUND FINANCIAL STATEMENTS**

### **Fiduciary Fund Types**

The fiduciary funds are used to report assets held in a trustee or agency capacity for others and which, therefore, cannot be used to support the government's own programs. The financial activities of these funds are excluded from the government-wide financial statements, but are presented in separate Fiduciary Funds financial statements. The fiduciary funds category includes custodial funds and private-purpose trust funds.

#### ***Custodial Funds***

To account for land secured financing, developer area of benefit fees, pass-thru public fees on behalf of other entities, funds held in trust as security for development projects, and various community enhancement programs the City administers on behalf of other entities.

#### ***Successor Agency to the Redevelopment Agency of the City of Stockton***

To account for a separate legal entity, which was formed to hold the assets and liabilities of the former Redevelopment Agency pursuant to the City Council actions taken on August 23, 2011. The nature and significance of the relationship between the City and the Successor agency is such that it would be misleading to exclude the Successor Agency from the City's financial statements. The Successor Agency is presented herein in the City's fiduciary funds as a private-purpose trust fund.

**City of Stockton**  
**Notes to the Basic Financial Statements**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies**

The basic financial statements of the City of Stockton, California (the “City”) have been prepared in accordance with Accounting Principles Generally Accepted in the United States of America (“U.S. GAAP”) as applied to governmental agencies. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting standards in the United States. The more significant of the City’s accounting policies are described below.

**A. *Financial Reporting Entity***

The City was incorporated on July 25, 1850, under the general laws of the State of California. Under the charter adopted in 1923, the City operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety, community services, engineering services, planning services, public works, general administrative services, and capital improvements.

These basic financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The City is considered to be financially accountable for an organization if the City appoints a voting majority of that organization’s governing body and either the City can impose its will on that organization, or there is a potential for that organization to provide financial benefits to or impose specific financial burdens on the City. The City is also considered to be financially accountable for an organization if that organization is fiscally dependent (i.e., it is unable to adopt its budget, levy taxes, set rates or charges, or issue bonded debt without approval from the City). In certain cases, other organizations are included as component units if the nature and significance of their relationship with the City are such that their exclusion would cause the City’s financial statements to be misleading or incomplete. Blended component units, although legally separate entities are, in substance, part of the City’s operations and data from these units are combined with data of the City. Each blended component unit has a June 30 year-end. The following entities are reported component units:

**Fiduciary Component Unit – Successor Agency**

The Successor Agency to the Redevelopment Agency of the City of Stockton (“Successor Agency”) is a separate legal entity, which was formed to hold the assets and liabilities of the former Redevelopment Agency under City Council action taken on August 23, 2011. The nature and significance of the relationship between the City and the Successor Agency are such that it would be misleading to exclude the Successor Agency from the City’s financial statements. The Successor Agency is presented herein in the City’s fiduciary funds as a private-purpose trust fund for the fiscal year ended June 30, 2022.

**The Stockton Public Financing Authority (the “SPFA”)**

The SPFA was created in June 1990 and carries out bonded debt and lease financing for the City. The governing body of the SPFA is comprised of City Council members. The SPFA is authorized to borrow money for the purpose of financing the acquisition of bonds, notes and other obligations of, or for the purpose of making loans to the City and to refinance outstanding obligations of the City. The SPFA does not prepare separate financial statements.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**A. Financial Reporting Entity (Continued)**

**Excluded Agencies**

A governmental agency in which the City participates is the San Joaquin Area Flood Control Agency (“SJAFC”) which is jointly governed by the City and the County of San Joaquin (“County”). The City retains neither an ongoing financial interest in nor obligation to SJAFC. Therefore financial information for the SJAFC is not included in the accompanying financial statements.

An additional governmental agency in which the City participates is the San Joaquin County Regional Fire Dispatch Joint Powers Authority (“SJCRFDA”) consequent to City Council approval of an operating agreement between the SJCRFDA and the City of Stockton. In addition to dispatch services, the City will provide financial and administrative support services to the SJCRFDA. The financial information for the SJCRFDA is not included in the accompanying financial statements. However, the City’s cost and revenues from providing emergency communications services are tracked and reported in the General Fund. The SJCRFDA was dissolved effective June 30, 2021.

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting**

The accounts of the City are organized by funds. The operations of each fund are accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance or net position, revenues and expenditures or expenses, as appropriate. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The City’s financial position and results of operations are presented from two perspectives in the following two sets of financial statements:

**Government-Wide Financial Statements**

The City’s Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of governmental activities and business-type activities for the City, the primary government, accompanied by a total column. Fiduciary activities of the City are not included in these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or programs are offset by program revenues. Direct expenses are those expenses specifically associated with a service, program, or department and, are identifiable with a specific function or program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting (Continued)**

**Government-Wide Financial Statements (Continued)**

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and enterprise funds are reported as separate columns in the fund financial statements with nonmajor funds aggregated in and combined with the major funds.

The Government-Wide financial statements are presented on an “*economic resources*” measurement focus and the accrual basis of accounting. Accordingly, all of the City’s assets, including Capital and Infrastructure assets and long term liabilities are included in the accompanying Statement of Net Position. The Statement of Activities presents the Change in Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for the City in three categories:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

Certain eliminations have been made for inter-fund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and netted in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, transactions between governmental and business-type activities have not been eliminated and reported as transfers. The following inter-fund activities have been eliminated:

- Loans to, Loans from other funds
- Transfers in, Transfers out

**Governmental Fund Financial Statements**

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances as presented in these statements to the net position presented in the government-wide financial statements.

All governmental funds are accounted for on a spending or “*current financial resources*” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing use) in fund balances.

Revenues are recognized in the accounting period in which they become both “*measurable*” and “*available*” to finance expenditures of the current period. Revenues are considered to be available when they are collectible within the current period as soon enough after that to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. The primary revenue sources, which have been treated as susceptible to accrual by the City, are property tax, sales tax, intergovernmental revenues, and other taxes.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting (Continued)**

**Governmental Fund Financial Statements (Continued)**

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and compensated absences, which are recognized as expenditures to the extent they have matured or been earned. Governmental capital asset acquisitions are reported as expenditures in governmental funds as capital outlay. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources. Revenues and expenditures not meeting recognition criteria are treated as deferred inflows or outflows (Note 1C).

The Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the differences.

The City reports the following major governmental funds:

• ***General Fund***

To account for resources not accounted for in another fund. The General Fund is the City's main operating fund reflecting transactions related to municipal governmental services supported by taxes, intergovernmental revenues, charges for services and other governmental type revenues.

• ***Federal Housing Grants Special Revenue Fund***

To account for federal grant programs and other resources that provide for development of a viable urban community by providing a suitable living environment, loans to non-profit housing developers to acquire and rehabilitate abandoned and foreclose homes and providing affordable housing assistance to qualified low- and moderate-income households. This fund includes the City's annual federal funding from the Community Development Block Grant, Community Rehabilitation Loan program, federal revolving loan program, revitalization activities in the designated Urban Development Action Grant area, Housing and Urban Development (HUD) Section 108, (HOME) Housing grants and loans, and Neighborhood Stabilization Loan Program (NSP Funds).

• ***Special Grants Special Fund***

To account for one-time resources received through the federal CARES and American Rescue Plan Act and in addition to some comparatively smaller grants from federal and state governments to support public safety and other community programs which are not otherwise accounted for in other special revenue funds.

• ***Capital Improvement Capital Projects Fund***

To account for the acquisition, construction and improvement of general governmental capital facilities as required by City Council action or state law in which the projects are financed by grants, lease proceeds, and transfers from other City governmental funds.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting (Continued)**

**Proprietary Fund Financial Statements**

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows for all proprietary funds.

Proprietary funds are accounted for using the “*economic resources*” measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

The City reports the following major enterprise funds:

• ***Water Utility Enterprise Fund***

To account for activities associated with the acquisition or construction of water treatment facilities, production, distribution and transmission of potable water to users, and operations related to the provision of services.

• ***Wastewater Utility Enterprise Fund***

To account for activities associated with the acquisition or construction, and operation and maintenance of wastewater facilities for the collection, treatment, and disposal of wastewater, and operations related to the provision of services.

A column representing internal service funds is also presented in these statements. However, internal service balances and activities have been combined with the governmental activities in the government-wide financial statements. Internal service funds are a type of proprietary fund used to report the provision of goods and services to other funds, departments, or agencies of the primary government and its component units on a cost-reimbursement basis. The City’s internal service funds include eight individual funds which provide services directly to other City funds.

- The Internal Service Funds of the City are the General Liability Insurance, Workers’ Compensation Insurance, Employee Health Insurance, Retirement Benefits, Other Benefits and Insurance, Vehicle Fleet Equipment, Computer and Radio Equipment, and Other Equipment funds.

**Fiduciary Fund Financial Statements**

Fiduciary fund financial statements include a Statement of Net Position and a Statement of Changes in Fiduciary Net Position. The City’s fiduciary funds represent agency funds and private purpose trust funds. Both custodial funds and the private purpose trust funds are accounted for on the full accrual basis of accounting. The City reports the following fiduciary funds:

The **Private Purpose Trust Fund** is used to account for the activities of the Successor Agency to the Stockton Redevelopment Agency.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting (Continued)**

**Fiduciary Fund Financial Statements (Continued)**

The **Custodial Funds** account for resources held by the City in custodial capacity for collections to bondholders and for programs that the City administers on behalf of other governmental and private sector entities and organizations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**C. Deferred Outflows/Inflows of Resources**

The Statement of Net position and the Balance Sheet report separate sections for Deferred Outflows of Resources, and Deferred Inflows of Resources, when applicable.

**Deferred Outflows of Resources** represent a consumption of net position that apply to future periods.

**Deferred Inflows of Resources** represent an acquisition of net position that apply to future periods.

**D. Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve that portion of the applicable appropriation, is employed as an extension of budgetary controls.

**E. Cash, Cash Equivalents, and Investments**

The City pools its available cash for investment purposes. The City considers pooled cash and investment amounts, with original maturities of three months or less, to be cash equivalents. The statement of cash flows requires presentation of “cash and cash equivalents.” For the statement of cash flows, the City considers all proprietary fund pooled cash and investments as “cash and cash equivalents,” including restricted cash held by fiscal agents for debt service and capital projects.

The City participates in an external investment pool managed by the State of California (the “State”), the Local Agency Investment Fund (“LAIF”). The City records its investment in LAIF at fair value based on information obtained from the State on the holdings in the pool.

The change in fair value of investments is recognized as an increase or decrease in investment assets and investment income or loss. Investment income (loss) consists of interest income, dividend income, and recognized gains or losses on investments. Money market investments and certain guaranteed investment contracts are carried at cost. Highly liquid market investments with maturities of one year or less at the time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available. The City allocates the fair value adjustment for unrealized gains and losses at June 30 of each year. Interest earnings on investments are allocated to the individual pooled funds quarterly based on each fund’s average quarterly pooled cash and investments balances. The City reported its investments at fair value, and the unrealized losses on investments amounted to \$16,893,214 for the fiscal year ended June 30, 2022.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**E. Cash, Cash Equivalents, and Investments (Continued)**

Certain disclosure requirements, if applicable, for Deposits and Investment Risks in the following areas are presented in the footnotes:

- Interest Rate Risk
- Credit Risk
  - Overall
  - Custodial Credit Risk
  - Concentration of Credit Risk
- Foreign Currency Risk

**F. Restricted Cash and Investments**

Restricted cash and investments consist of cash and investments held by fiscal agents that are restricted due to limitations on their use by bond covenants or cash or investments with donor limitations. Fiscal agents acting on behalf of the bond investors hold investments arising from the proceeds of long-term debt issuances. The funds may be used for specific capital outlays or for the payment of certain bonds, certificate of participation or tax allocation bonds and have been invested as permitted by specific State statutes or applicable City ordinance, resolution or bond indenture. Cash held in the Water and Wastewater Rate Stabilization Fund was established under the issuance of bonds in 2009 and 2014, respectively.

**G. Fair Value Measurement**

U.S. GAAP defines fair value, establishes a framework for measuring fair value and establishes disclosure about fair value measurement. Investments, unless otherwise specified at fair value in the financial statements, are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Levels of inputs are as follows:

- Level 1 – Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
- Level 2 – Inputs, other than quoted prices included in Level 1, that are observable for the assets or liabilities through corroboration with market data at the measurement date.
- Level 3 – Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the assets or liabilities at the measurement date.

**H. Receivables**

Revenues are recorded when received in cash, except revenues subject to accrual (up to 90 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the City, are sales tax, special assessments, intergovernmental revenues, other taxes, interest revenue, rental revenue and certain charges for services.

Federal and State grants are considered receivable and accrued as revenue when all eligibility requirements have been met on the accrual basis of accounting in the government-wide statement of net positions. The amount recognized as revenue under the modified accrual basis of accounting in the governmental funds is limited to the amount that is deemed measurable and available.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**H. Receivables (Continued)**

Long-term loans receivable, which consist of the principal amount of the loan plus the accrued borrower's deferred interest is reported in the governmental fund statements and classified as restricted fund balance as the use of the proceeds from the collection of those receivables was restricted. Long-term loans receivable reported in the governmental activities on the government-wide statement of net position as it is recorded on an accrual basis at its net realizable value based on an estimate of uncollectible amounts for loan losses.

Billed but not collected and unbilled utility revenue earned is recognized as revenue and accounts receivable in the enterprise funds.

**I. Interfund Loans and Advances**

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "loans to/from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Management has determined that there are some inter-fund balances which may or may not be repaid within a reasonable period. U.S. GAAP permits the reporting of inter-fund balances such as inter-fund loans and advances only when repayment is expected within a reasonable period. However, City policy does not permit the elimination of inter-fund balances without City Council approval. Accordingly, inter-fund balances, which are not expected to be repaid within a reasonable period or not at all, have been offset by an allowance for uncollectible advances in both the borrowing and the lending funds.

**J. Inventory of Supplies**

Inventories consist of expendable supplies held for consumption. Inventories are valued at weighted average cost using the first-in-first-out basis. Inventories of all funds are recorded as expenditures/expenses when consumed rather than purchased. Inventory of supplies is recorded in General Fund as the City's central store in general and for the entertainment venues as well as in the Wastewater Fund, for the City's Water, Wastewater, and Stormwater Enterprise Funds which operates as a central store for all of the City's utilities.

**K. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements by using purchase method. A nonspendable fund balance has been reported in the governmental funds to show that the prepaid items do not constitute "available spendable resources," even though they are a component of current assets.

**L. Lease Receivable**

The City is a lessor for leases of land, buildings, and cell towers and recognizes leases receivable and deferred inflows of resources in the financial statements. Variable payments based on future performance or usage of the underlying asset are not included in the measurement of the lease receivable.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**L. Lease Receivable (Continued)**

At the commencement of a lease, the lease receivable is measured at the present value of payments expected to be received during the lease term. The City established a threshold of \$5,000 for lease receivables. Subsequently, the lease receivable is reduced by the principal portion of lease payments received.

The deferred inflows of resources are initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflows of resources are recognized as revenue over the life of the lease term in a systematic and rational method.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses incremental borrowing rate (IBR) provided by the financial institution at July 1, 2021 for existing leases or the current rate at the time a new lease is executed.
- The lease term includes the noncancelable period of the lease plus any option periods that are likely to be exercised.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

**M. Capital Assets**

Capital assets are valued at historical cost or estimated historical cost if the actual historical cost was not available. Donated capital assets are valued at their estimated fair market value on the date donated. City policy has set the capitalization threshold for reporting capital assets at \$5,000 for equipment and works of art; \$10,000 for land, buildings, improvements and intangible assets; \$50,000 for infrastructure, all of which must have an estimated useful life more than one year. Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows:

Infrastructure	30-100 years
Buildings and Improvements	20-50 years
Machinery and equipment	3-30 years

Major outlays for capital assets are capitalized as projects progress and once constructed begin depreciation. Repairs and maintenance costs are expensed. Interest accrued during capital assets construction, if any, is capitalized for the business-type funds as part of the asset cost.

Capital assets are valued at historical cost or estimated historical cost if the actual historical cost was not available. Donated capital assets are valued at their estimated fair market value on the date donated.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**M. Capital Assets (Continued)**

The City established a threshold to recognize a right-to-use lease asset (lease asset) in the government-wide financial statements and proprietary fund financial statements for a leased asset over \$5,000. Lease assets are recorded at the amount of the initial measurement of the lease liabilities and adjusted by any lease payments made to the lessor at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term along with any initial direct costs that are ancillary charges necessary to place the lease assets into service. Lease assets are amortized using the straight-line method over the shorter of the lease term or the useful life of the underlying asset, unless the lease contains a purchase option that the City has determined is reasonably certain of being exercised. In this case, the lease asset is amortized over the useful life of the underlying asset.

**N. Capital Contributions**

Capital contributions are comprised of cash and assets donated from developers. Connection fees are reported as capital contributions in the Water Utility and Wastewater Utility enterprise funds.

**O. Accrued Payroll and Related Liabilities**

The City is on a semi-monthly payroll period, and employees are paid seven calendar days after the end of the payroll periods ending on the 15th and the end of the month or the last working day before that date. As of June 30, 2022, the payroll accrual is recorded in the respective funds when the related liability is incurred.

**P. Accrued Compensated Absences**

By negotiated labor agreements, employees accumulate earned, but unused vacation, other compensated leave, and sick leave pay benefits. Employees were allowed to apply 100% of accrued sick leave hours for additional California Public Employees' Retirement System ("CalPERS") service credit upon retirement depending upon bargaining unit and date of hire. As of July 1, 2013, employees separating from service will receive their full vacation payout.

After subtracting the sick leave balance equivalent of one full year of service credit (2080 hours), which may be applied to CalPERS service credit, any sick leave balance remaining upon separation shall be paid at a specific percentage of the cash value to employees who have remained in City service until the dates specified in the labor agreements.

**Government-Wide Financial Statements**

For governmental and business-type activities, compensated absences are recorded as expenses when earned.

**Fund Financial Statements**

For governmental funds, compensated absences are recorded as expenditures in the year paid. The General Fund is typically used to liquidate compensated absences. In proprietary funds, compensated absences are expensed to the various funds in the period they are earned, and such fund's share of the unpaid liability is recorded as a long-term liability of the fund.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

***Q. Long-Term Debt***

In the government-wide and proprietary fund financial statements, long-term debt and other long-term financial obligations are reported as liabilities.

Bond issuance premiums and discounts, as well as prepaid insurance, are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable premium or discount except for insurance prepaid bond insurance premiums.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, in the year of issuance. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. The differences between the government-wide and fund financial statements are shown in the Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position.

***R. Lease Liabilities***

The City recognizes lease liabilities with an initial, individual value of \$5,000 or more with a lease term greater than one year in the government-wide and proprietary fund financial statements. Variable payments based on future performance of the lessee or usage of the underlying asset are not included in the measurement of the lease liability.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses incremental borrowing rate provided by the financial institution at July 1, 2021 for existing leases or the current rate at the time a new lease is executed.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.
- Lease payments included in the measurement of the lease payable is composed of fixed payments to the lessor.

***S. Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

General Fund and special revenue are typically used to liquidate pension liabilities for governmental funds.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**S. Pensions (Continued)**

The following time frames are used for pension reporting:

<b><u>CALPERS</u></b>	
Valuation Date	June 30, 2020
Measurement Date	June 30, 2021
Measurement Period	July 1, 2020 to June 30, 2021
<b><u>PARS</u></b>	
Valuation Date	June 30, 2020
Measurement Date	June 30, 2022
Measurement Period	July 1, 2021 to June 30, 2022

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized straight-line over 5 years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

**T. Net Position**

In governmental-wide and proprietary fund financial statements, Net Position is classified as follows:

**Net Investment in Capital Assets** – This component of net position of capital assets, net of accumulated depreciation and amortization, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets, and excludes unspent debt proceeds. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position.

**Restricted** – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

**Unrestricted** – This component of the net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of the net position.

When expenses are incurred for purposes for which both restricted and unrestricted net position are available, the City's policy is to first spend the restricted net position.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**U. Fund Balances**

In the governmental fund financial statements, fund balances are classified as follows:

**Nonspendable** – Amounts that cannot be spent because they are (1) not in spendable form, such as prepaid items, inventories and long-term receivables for which the payment of proceeds are not restricted or committed with respect to the nature of the specific expenditures of that fund or (2) legally or contractually required to be maintained intact, such as principal of an endowment or revolving loan funds.

**Restricted** – Amounts that are restricted by external parties such as creditors or imposed by grants, laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The City has legislative restrictions on amounts collected and reported in the City's various governmental funds. As a result, these restrictions have been classified as restricted for community development, debt service reserve, general government, housing projects/loans, libraries and arts, parks and recreation, public safety, public services, redevelopment projects, solid waste/recycling and streets, transit and traffic.

**Committed** – This amount indicates the portion of fund balances which can only be used for specific purposes under formal resolution or ordinance of the City Council. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally.

**Assigned** – Amounts that have been allocated by action of an official authorized by the Stockton City Council in which the City's intent is to use the funds for a specific purpose. The City considers this level of authority to be the City Manager.

**Unassigned** – Amounts that constitute the residual balances that have no restrictions placed upon them. If restrictions exceed available resources at the end of the year, the deficit amounts are reported and classified as unassigned.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, the City's policy is first to expend restricted fund balances, then unrestricted fund balances as they are needed.

When expenditures are incurred for purposes where only unrestricted fund balances are available, the City uses the unrestricted resources in the following order: committed, assigned, and unassigned depending on the nature of the expenditure.

**V. Property Taxes**

Property taxes are levied on October 1 and are payable by property owners in two installments: November 1 and February 1 of each year. Property taxes become delinquent on December 10 and April 10, for the first and second installments, respectively. The lien date is January 1. The County of San Joaquin, California ("County") bills and collects property taxes and remits them to the City according to a payment schedule established by the County. The County generally operates under the Teeter Plan, whereby the County pays the City 100% of the taxes levied. The County assumes responsibility for collecting any delinquent amounts and upon collection retains the penalty and interest portion of those amounts. Therefore, no allowance for doubtful accounts is considered necessary.

Property Valuations are established by the Assessor of the County of San Joaquin for the secured and unsecured property tax rolls; the utility property tax rolls are valued by the State Board of Equalization. Under the provisions of Article XIII A of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978) properties are assessed at 100% of full value. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**V. Property Taxes (Continued)**

Property tax revenue is recognized in the fiscal year for which the taxes have been levied, provided the taxes are received within 90 days after the end of the fiscal year. Property taxes received after this date are not considered available as a resource that can be used to finance the current year operations of the City and, therefore, are not recorded as revenue until collected.

**W. Use of Estimates**

The preparation of basic financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from these estimates and assumptions.

**X. Implementation of New GASB Pronouncements**

During the year ended June 30, 2022, the City implemented the following new GASB Pronouncements.

In June 2017, GASB issued Statement No. 87, *Leases* (GASB Statement No. 87), to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The effective date of GASB Statement No. 87 (as amended by GASB Statement No. 95) is for fiscal years beginning after June 15, 2021. Implementation of this Statement resulted in restatement of beginning balance of lease assets (Note 7) and lease liabilities (Note 8) at July 1, 2021.

GASB Statement No. 89 – In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre–November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Implementation of this Statement did not have a significant effect on the City's financial statements for the fiscal year ended June 30, 2022.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**X. *Implementation of New GASB Pronouncements (Continued)***

GASB Statement No. 92 – In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. The primary objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. Implementation of this Statement did not have a significant effect on the City's financial statements for the fiscal year ended June 30, 2022.

GASB Statement No. 93 – In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates. Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR)*. As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. Implementation of this Statement did not have a significant effect on the City's financial statements for the fiscal year ended June 30, 2022.

GASB Statement No. 97 – In June 2020, GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Implementation of this Statement did not have a significant effect on the City's financial statements for the fiscal year ended June 30, 2022.

**City of Stockton**

**Note 2 – Cash, Cash Equivalents and Investments**

The following is a summary of cash, cash equivalents, and investments, including restricted cash and investments at June 30, 2022:

**Deposits:**

Cash on Hand	\$ 721,079
Demand Deposits	196,876,122
Total Deposits	<u>197,597,201</u>
<b>Investments</b>	<u>789,869,636</u>
<b>Total Cash and Investments</b>	<u><u>\$ 987,466,837</u></u>

**Presented in the government-wide statement of net position:**

Cash and Investments	\$ 867,679,777
Restricted Cash and Investments	78,010,459

**Presented in the statement of fiduciary net position:**

Cash and Investments	35,303,998
Cash and investments with fiscal agents	<u>6,472,603</u>
<b>Total Cash and Investments</b>	<u><u>\$ 987,466,837</u></u>

**A. Cash Deposits**

The carrying amount of the City's pooled cash deposits was \$196,876,122 at June 30, 2022. Bank balances before reconciling items were \$204,997,056 at that date, the total amount of which was insured or collateralized with securities held by the pledging financial institutions in the City's name as discussed below.

The California Government Code requires California banks and savings and loan associations to secure the Fund's cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the City's name.

The market value of pledged securities must equal at least 110% of the City's cash deposits. California law also allows institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the City's total cash deposits. The City may waive collateral requirements for cash deposits, which are fully insured by the Federal Deposit Insurance Corporation. The City, however, has not waived the collateralization requirements.

The City follows the practice of pooling cash and investments of all funds, except for funds required to be held by fiscal agents under the provisions of bond indentures or by donor direction. Interest income from cash and investments with fiscal agents is credited directly to the related fund.

**B. Authorized Investments**

***Investments Authorized by the California Government Code and City's Investment Policy***

The table below identifies the investment types that are authorized for the City by the California Government Code (“CGC”) or the City’s investment policy, where more restrictive. The table also identifies certain provisions of the California Government Code or the City’s investment policy, which are more restrictive to address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by the bond trustee that are governed by the provisions of debt agreements of the City.

Authorized Investment Type	Maximum	Minimum	
	Maturity	in Portfolio	Credit Quality
Securities of the U.S. Government or its agencies:			
U.S. Treasury Bonds, Notes and Bills	10 Years**	No Limit	N/A

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 2 – Cash, Cash Equivalents and Investments (Continued)**

**C. Investments in Local Agency Investment Fund**

The City is a participant in LAIF which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The City's investments in LAIF included a portion of pool funds invested in structured notes and asset-backed securities:

Structured Notes are debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities, the bulk of which are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from mortgages (such as Collateralized mortgage obligations) or credit card receivables.

As of June 30, 2022, the City had \$74,034,406 invested in LAIF, which had invested 1.88 % of the Pool investment funds in medium-term and short-term structured notes as well as asset-backed securities. The face value of the City's position in the pool is the same as the value of the pool shares.

**D. Investments in California Asset Management Program ("CAMP")**

The City is a participant in CAMP which is a California Joint Powers Authority ("JPA") established in 1989 to provide California public agencies with professional investment services. The CAMP Pool is a permitted investment for all local agencies under California Government Code Section 53601(p). Structured Notes and Asset Backed Securities are not permitted under CAMP's current investment policy.

As of June 30, 2022, the City had \$82,050 invested in CAMP, which had invested 18.34% of the Pool investment funds in medium-term and short-term structured notes or asset backed securities. The face value of the City's position in the pool is the same as the value of the pool shares.

**E. Fair Value of Investments**

At June 30, 2022, investments are reported at fair value. The following table presents the fair value measurements of investments on a recurring basis and the levels with GASB 72 fair value hierarchy in which the fair value measurements fall at June 30, 2022. Deposits and withdrawals related to the investments in LAIF, CAMP, and money market funds are valued on amortized cost, which approximates fair value. Accordingly, under the fair value hierarchy these investments are uncategorized.

**F. Risk Disclosures**

**Interest Rate Risk**

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy provides that final maturities of securities cannot exceed five years. The exceptions to this policy are that U.S. Treasury or U.S. Agency securities may be invested in greater than five years and investment in variable rate obligations of the City is permissible when allowed by the IRS and SEC. Investments maturing beyond a five-year horizon should not exceed fifteen percent (15%) of the total portfolio value at any given time. The maturity of investments is evaluated before purchase depending on liquidity needs.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. It is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Cash Held in 115 Trust						22,258
Idle Funds in Reserve Portfolio						1,626,761
				<b>Total Investments</b>		<u><u>\$ 789,869,636</u></u>

The City's portfolio manager utilized ratings of S&P in compiling the previous table. In August 2011, S&P took an extraordinary stance of downgrading the debt of the United States and numerous agencies whose debt it stands behind. Moody's and Fitch only took moves to lower the outlook on U.S. debt while still maintaining the AAA ratings on these entities. On March 8, 2022, S&P affirmed the AA+ rating with a stable outlook that is still in place today. Moody's affirmed their AAA rating with stable outlook in June 24, 2022, and Fitch affirmed the AAA rating and brought the outlook to stable on July 8, 2022.

**Custodial Credit Risk**

For an investment, custodial credit risk refers to the event in which the custodial bank (outside party) in possession of an investment security fails to supply the value of investments or collateral securities to the City upon demand. All securities, except the money market mutual funds and LAIF, are held by a third-party custodian, US Bank. US Bank is a registered member of the Federal Reserve Bank. The securities held by US bank are in the street name with a customer number assigned to the City that identifies ownership.

**Concentration Credit Risk**

The City's investment policy regarding the amount that can be invested in any one issuer is stipulated by the California Government Code. Concentrations of 5.0% or more in investments in any one issuer, held by individual funds in the securities of issuers other than U.S. Treasury securities, mutual funds, and external investment pools are required to be disclosed.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 2 – Cash, Cash Equivalents and Investments (Continued)**

**F. Risk Disclosures (Continued)**

*Concentration Credit Risk (Continued)*

At June 30, 2022, the City's Pooled investments that represent a concentration in the securities of any individual issuers, other than U. S. Treasury securities or mutual funds, are set forth below:

Issuer	Investment Type	Reported Amount	Total Holdings
<b>Held by City and its Component Units:</b>			
Federal National Mortgage Association	Federal Agency Securities	\$ 99,294,973	12.57%

**G. Restricted Cash and Investments**

Certain proceeds of revenue bonds and other long-term liabilities are classified as restricted cash and investments on the Statement of Net Position as their use is limited by applicable indentures or covenants. Covenants provide that these funds, in the absence of specific statutory provisions governing the issuance of bonds, certificates, or leases, may be invested by the ordinances, resolutions or indentures specifying the types of investments its trustees or fiscal agents may require. The ordinances, resolutions, and indentures are more restrictive than the City's investment policy. Restricted cash and investments of the City are primarily for the construction or acquisition of facilities, and reserves for payment of debt service as required by the bond indentures.

The City has a reserve policy governing the establishment of Rate Stabilization Fund for its Water, Wastewater, and Stormwater Funds. These reserves are to ease future revenue fluctuations, where revenues are interrupted or otherwise insufficient to offset the operating expenditures and to minimize the impact of rate increases. The City has established a Rate Stabilization Fund in the Water Fund in connection with the issuance of its 2010 Variable Rate Demand Water Revenue Bonds and the Wastewater Fund in connection with the 2014 Wastewater Refunding Bonds. (The City use money on deposit in the Rate Stabilization Fund for any lawful purpose.) All interest or other earnings in the Rate Stabilization Fund may be withdrawn and accounted for as revenues or used for any lawful purpose. The balance in the Wastewater Rate Stabilization Accounts at June 30, 2022, was \$1,771,253.

At June 30, 2022, the restricted cash and investments with fiscal agents are as follows:

<b>Governmental activities</b>	<b>\$ 71,545,010</b>
<b>Business-type activities:</b>	
Water Utility	25
Wastewater Utility	1,771,253
Parking Authority	4,694,171
Subtotal	6,465,449
<b>Fiduciary Funds</b>	<b>\$ 6,472,603</b>
Total restricted cash and investments	\$ 84,483,062

**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 3 – Interfund Transactions**

**A. Loans To/From Other Funds**

“Loans to” and “loans from” balances represent loan activity between funds. These balances are expected to be paid back per a City council approved repayment schedule. The of \$9,325,994 of interfund loan balances, broken down by short and long-term net of interest, as of June 30, 2022 is shown below.

The most significant inter-fund transactions were as follows:

Fund Making Loan	Fund Receiving Loan	Short-Term	Long-term	Total
Internal Service Funds -Workers' Compensation	Parking Authority	\$ 643,105	\$ 6,368,227	\$ 7,011,332
Internal Service Funds -Workers' Compensation	Internal Service Funds -Vehicle Fleet Equipment	454,217	1,364,845	1,819,062
Internal Service Funds -Computer and Radio Equipment	General Fund - Emergency Communications	495,600	-	495,600
		Total		\$ 9,325,994

- The \$7,011,332 interfund loan balance from the Workers’ Compensation Insurance Internal Service Fund to the Parking Authority Enterprise Fund was used to pay-off the existing 2006 Lease Revenue Refunding Bonds Series A, saving the City 2% in annual interest.
- The \$1,819,062 interfund loan balance from the Workers’ Compensation Insurance Fund to the Internal Services Vehicle Fleet Equipment Fund was used to pay off three of four remaining Fire Truck Leases, saving the City 2% in annual interest.
- The \$495,600 interfund loan from the Technology Internal Service Fund to the General Fund -Emergency Communications was used for equipment, software, and facility improvements to expand the Fire Dispatch Center and is expected to be repaid in FY2022-23.

**Note 4 - Lease Receivable**

Lease receivables consist of agreements with others for the right-to-use of the underlying assets for land and buildings owned by the City at various locations. The remaining terms of the agreements range from 26 to 600 months. The incremental borrowing rates used were between 0.2450% to 1.800% depending on the length of the lease term. For the year ended June 30, 2022, the City recognized \$71,038, \$26,587, and \$7,790 in lease revenue and \$22,908, \$273, and \$337 in interest revenue for the Governmental Activities, the Business-Type Activities, and the Successor Agency, respectively. The outstanding receivables are in the amounts of \$1,473,569, \$59,411, and \$41,321 for the Governmental Activities, the Business-Type Activities, and the Successor Agency, respectively.

The future required payments for these leases, including interest, are as follows:

Year Ending June 30,	Governmental Activities			Business-Type Activities			Fiduciary Funds		
	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	Total

**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 5 – Successor Agency – Loans from City, Net**

With the dissolution of the Redevelopment Agency effective January 31, 2012, the following loans are outstanding as of June 30, 2022, most of which are offset by an Allowance for Uncollectible Loans. The Successor Agency received its Finding of Completion from the State Department of Finance on October 30, 2014. On November 4, 2015, the Oversight Board adopted a resolution finding 51 Redevelopment loans from the City were made for legitimate redevelopment purposes. Dissolution law required that the accrued interest on outstanding loans be recalculated quarterly at a simple interest of 3% from the date the loans were originally authorized by the former Redevelopment Agency. Also, the Department of Finance required approved resolutions and signed loan agreements for the loans to be approved for repayment. However, City staff was unable to locate signed loan agreements or documents and approved resolutions for all of the 51 loans. Adjustments for the write off of all loans were disallowed by the Department of Finance in the 2016-2017 fiscal year.

In addition, the interest on the loans is limited to the Local Agency Investment Fund interest rate calculated from the inception date of each loan. The total outstanding loan balance (including accrued interest) as of June 30, 2022 is \$5,613,413 and has been offset by an allowance for uncollectible loan and interest in the amount of \$4,506,833, except the loan amount from Low – Moderate Income Housing Loans.

<b>Fund Providing Loan</b>	<b>Fund Receiving Loan</b>	<b>Outstanding Balance</b>	<b>Allowance for Uncollectible Loans</b>	<b>Net Balance</b>
Low - Moderate Income Housing RDA Loans	Private-Purpose Trust Fund - Successor Agency of the Redevelopment Agency	\$ 1,106,580	\$ -	\$ 1,106,580
Non-Major Governmental - CDBG Fund	Private-Purpose Trust Fund - Successor Agency of the Redevelopment Agency	1,250,321	(1,250,321)	-
Capital Improvement Projects Fund	Private-Purpose Trust Fund - Successor Agency of the Redevelopment Agency	1,012,346	(1,012,346)	-
	Interest on Redevelopment Agency Loans	2,244,166	(2,244,166)	-
Total		<u>\$ 5,613,413</u>	<u>\$ (4,506,833)</u>	<u>\$ 1,106,580</u>

- The \$1,106,580 outstanding loan balance from the Low - Moderate Income Housing fund, a City Special Revenue Fund, to the former Redevelopment Agency Capital Projects Funds was to fund the Waterfront Redevelopment Project Area.
- The \$1,250,321 outstanding loan balance from the CDBG Programs, a Special Revenue Fund, to the former Redevelopment Agency Capital Projects Fund was for the project area expenditures. The outstanding principal balance is subject to a 3% simple annual interest rate. As of June 30, 2022, outstanding accrued interest balance is \$2,244,166.
- The \$1,012,346 outstanding loan balance from the Capital Improvement Capital Projects Fund to the former Redevelopment Agency Capital Projects Fund represents loans for various project areas.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 6 – Loans to Property Owners**

Loans provided to property owners are managed by the City's Economic Development Department (EDD). Loans receivables under the City's loan programs at June 30, 2022 are as follows:

Loan Programs	Governmental Activities		
	Principal Balance	Deferred Interest	Total
First Time Home Buyers Program (HOME)	\$ 41,874,071	\$ 9,006,093	\$ 50,880,164
Community Development Block Grant Programs	16,731,191	2,579,737	19,310,929
Neighborhood Stabilization First Time Home Buyer Program	10,934,138	1,499,722	12,433,860
California Home Loans	2,859,698	360,618	3,220,317
Low & Moderate Income Housing Programs (former Agency)	52,594,307	14,078,765	66,673,072
	<hr/> <u>\$ 124,993,405</u>	<hr/> <u>\$ 27,524,936</u>	<hr/> <u>152,518,341</u>
Less: Allowance for Doubtful Accounts			(3,082,699)
<b>Total</b>			<b><u>\$ 149,435,642</u></b>

**First Time Home Buyers Program (HOME)**

The Home Investment Partnerships Loan Programs are funded through U.S. Department of Housing and Urban Development HOME funds. The programs include deferred gap financing loans for qualified first-time homebuyers, owner-occupied housing rehabilitation loans to qualified borrowers, and multifamily loans to qualified housing developers. Loan repayments are re-deposited into the program cash accounts and are redistributed as future loans.

**Community Development Block Grant Program (CDBG)**

The Community Development Block Grants Loan Programs are funded through U.S. Department of Housing and Urban Development CDBG funds. The programs include deferred gap financing loans for qualified first-time homebuyers, owner occupied emergency repair loans, public facility project loans, and commercial loan programs. Loan repayments are re-deposited into the program cash accounts and are redistributed as future loans.

**Neighborhood Stabilization Program**

The Neighborhood Stabilization Program loans are funded through U.S. Department of Housing and Urban Development Neighborhood Stabilization program funds. The programs include acquisition, rehabilitation, and resale of foreclosed homes (properties) to qualified home buyers, deferred gap financing loans for qualified home buyers; and acquisition, rehabilitation, and rent of foreclosed properties in targeted areas. Loan repayments are re-deposited into the program cash accounts and are redistributed as future loans.

**California Home Loans Program**

The California Home Loans Program are funded through the California Department of Housing and Community Development. The programs include deferred gap financing loans to qualified first-time homebuyers and owner occupied rehabilitation loans. Loan repayments are re-deposited into the program cash accounts and are redistributed as future loans.

**Low- and Moderate-Income Housing**

The City's Low- and Moderate-Income Housing Programs are funded through the Low and Moderate-Income Housing City Loans Special Revenue Fund and Strong Neighborhoods Initiative Bond proceeds. The programs include loans for rehabilitation and construction of affordable housing units which are deed restricted for occupancy by low- and moderate-income households for at least fifty-five years. Interest income is recorded as payments when received.

**Note 8 – Long-Term Liabilities (Continued)**

**A. Governmental Activities (Continued)**

**Pension Obligation Bonds**

**Taxable Pension Obligation Bonds 2007 Series A and Series B (the “2007 POBs”)**

The 2007 POBs were issued on March 26, 2007, to refinance the obligation of the City to make payments to the California Public Employees Retirement System for retirement benefits accruing to its employees and retirees. The 2007 POBs for Series A were issued in the amount of \$96,985,000. As of June 30, 2022, bonds totaling \$77,730,000 were due in installments of principal ranging from \$2,850,000 on September 1, 2021, to \$8,400,000 on September 1, 2037, with interest rates ranging from 5.365% to 5.455%, and a final maturity date of September 1, 2037. The 2007 POBs for Series B were issued in the amount of \$28,325,000. At June 30, 2022, bonds totaling \$25,955,000 are due in installments of principal ranging from \$950,000 on September 1, 2022, to \$2,800,000 on September 1, 2037, with interest rates ranging from 5.675% to 5.795%. The Series A and Series B for the 2007 POBs are insured by Assured Guaranty and do not have a reserve fund. The above liabilities are written down and an alternate liability is being recorded which reflects the payments required by the City under a settlement agreement reached with Assured Guaranty. This background on the original liabilities is shown in this footnote due to the bonds still trading in the secondary markets.

As part of a settlement between the City and Assured Guaranty, that became effective upon implementation of the approved Plan of Adjustment. The City is obligated, under a revised indenture, to pay a new series of payments. That series of payments is made up of Non-Contingent General Fund payments which are made up of three types; Special Fund, Ask, and Supplemental, which have all been determined. Special Fund payments range from \$1,618,283 on July 1, 2022 to \$2,009,482 due on July 1, 2053; Lease Ask Fund payments are due in installments ranging from \$1,334,875 on June 1, 2022 to \$2,531,250 due on June 1, 2052; and Supplemental Payments are due in installments of \$250,000 from June 1, 2023, to June 1, 2042, and installments of \$350,000 from June 1, 2043, to June 1, 2052. Additionally, there are Contingent General Fund Payments, which are yet to be determined by future revenues of the City’s General Fund. These Contingent Payments extend from June 1, 2022, to June 1, 2053, should General Fund Revenues require them to be made. The payment due June 1, 2023, is currently anticipated to be \$4,021,000.

Payments made after the original debt service end date of September 1, 2037, will be retained by Assured Guaranty. The obligation of the City to pay these settlement amounts when due is an absolute and unconditional obligation of the City imposed by law and is not limited to any special source of funds. Under the Revised Indenture, the City is obligated to deposit non-contingent settlement payments with the Trustee as detailed above and reflected in the table below.

Under the settlement agreement, payments are to be made from all legally available funds and resources available to the City. Under extraordinary events, the City may notice Assured Guaranty and suspend contingent payments. Should this occur, unpaid amounts accrue interest at the Prime Rate plus 3% and must be paid no later than ten years after the suspension date. Additionally, any delinquent payments due under the agreement shall also accrue interest at the prime rate plus 3%.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 8 – Long-Term Liabilities (Continued)**

**A. Governmental Activities (Continued)**

**Pension Obligation Bonds (Continued)**

**Taxable Pension Obligation Bonds 2007 Series A and Series B (the “2007 POBs”) (Continued)**

Debt Service on the original bonds expires in September 2037, and payments under the settlement agreement extend to July 2053. If contingent payment streams drastically exceed expectations, it is possible that scheduled payments could reach a point of paying back funds forwarded and accrued interest associated with these funds. Should this occur, it is possible that payments could cease before July 2053.

The City settlement with Assured Guaranty was confirmed as part of the City’s Approved Bankruptcy Plan of Adjustment. The plan for the adjustment of the City’s debts provides for material modifications of the City’s obligations on the 2007 POBs and results in a schedule of payments reflected in the following table.

The City pledged all available sources available to the City, up to and including the General Fund as collateral for the Bonds.

Should default in prompt payment or in other obligations under the settlement agreement with Assured Guaranty occur and remain unresolved, under section 5.02 of the Reimbursement Agreement, non-contingent payment streams accelerate and are immediately due and payable. Assured Guaranty is allowed to exercise all rights and remedies legally available (without limitation) to enforce payment of Contingent General Fund Payments due in each year as they become required.

**Annual Debt Service Requirements to Maturity**

Year June 30,	Special Fund Payments		2007 Lease Ask Payments		Supplemental Payments

**A. Governmental Activities (Continued)**

**Other Long-term Obligations**

**Notes Payable**

The City entered into four Section 108 loan guarantee agreements with the U.S. Department of Housing and Urban Development to complete redevelopment projects. All but one has been repaid. The final loan has installment payments due in installments ranging from \$615,000 to \$1,920,000 and are to be paid through August 1, 2024, with reduced interest rates ranging from 2.57% to 2.668%. Repayment of the loans is made from program income received under the City's housing loans program.

The City pledged its federal funds under the HUD program available to the City as collateral for the Bonds. Should default in prompt payment with respect to the payment under these loans occur, future payments to the City under the HUD program would be held back and used as payment for these loans.

**Annual Debt Service Requirements to Maturity**

**Notes Payable**

<b>Year Ending June 30,</b>	<b>U.S. Dept. of Housing &amp; Urban Development</b>	
	<b>Principal</b>	<b>Interest</b>

**Finance Purchase - Fire Pump Trucks**

On January 24, 2012, Resolution 2012-01-24-1504 approved the execution of a tax-exempt lease through OshKosh Capital in the amount of \$1,795,506 to purchase 4 Pierce Fire Pumper Trucks. Modifications to the contract increased the lease amount to \$1,871,404. The tax-exempt lease has annual lease payments of \$213,300 with final payment due September 15, 2021, with an interest rate of 3.300%.

The four Pierce Pumper trucks purchased through Oshkosh Financing in this 2012 issuance are pledged. In the event of default payment or failure to make appropriations for the annual lease payments the aforementioned trucks may be subject to repossession. The City agrees to keep the vehicles purchased under this financing free of liens and encumbrances, and to keep the vehicles insured up to the remaining termination value of the lease.

The assets acquired through the capital lease are as follows:

<b>Fire Vehicle - Lease #3</b>		
Machinery and equipment	\$ 1,871,404	
Less: accumulated depreciation	(1,164,429)	
<b>Total</b>	<b>\$ 706,975</b>	

The finance purchase was paid off during the year ended June 30, 2022.

Stockton Public Financing Authority Revenue Refunding Bonds Series 2018A

The 2018 Water Revenue Bonds, Series A were issued in the amount of \$145,220,000 by the SPFA on November 20 2018. The SPFA issued the Bonds to refinance three series of bonds issued in 2002, 2005, and 2009, that finance multiple projects, including the majority of the financing for the Delta Water Supply Project. As of June 30, 2022, \$129,930,000 of 2018A Bonds remain outstanding with installments of principal ranging from \$5,645,000 to \$12,195,000 due October 1, 2022, through October 1, 2037, with interest rates ranging from 4.0% to 5.0%.

The repayment of the 2018A Bonds is from a pledge of available revenues of the fund. Available funds are net revenues of the fund and the 2018 Bonds have parity lien with the 2019A bonds (see below). The principal amount due is reported net of the unamortized premium of \$12,331,335, and unamortized loss on refunding of \$5,884,651.

Stockton Public Financing Authority Water Revenue Refunding Bonds Series 2019A Federally Taxable (Green Bonds)

The 2019 Water Revenue Bonds, Series were issued in the amount of \$54,785,000 by the SPFA on November 19 2019. The SPFA issued the Bonds to refinance bonds issued in 2010 that financed the final portion of the Delta Water Supply Project. As of June 30, 2022, \$53,700,000 of 2019A Bonds remain outstanding with installments of principal ranging from \$560,000 to \$15,635,000 due from October 1, 2022, through October 1, 2040, with interest rates ranging from 2.145% to 3.61%. There was no gain or loss as a result of the current refunding.

The repayment of the 2019A Bonds is from a pledge of net revenues of the fund and the Bonds are issued on parity with the 2018A water bonds. The bonds were issued at par and are reported net of an unamortized loss on refunding of \$6,110,331.

**Pledged Revenues**

The City has pledged future net system revenues from the Water Fund for the repayment of all the Revenue Bonds of the Water Fund. For the year ended June 30, 2022, total principal and interest paid was \$14,293,290 and net revenues were \$35,287,899. Rate stabilization Funds balances at the end of FY 21/22 stand at \$2,980,904. The total principal and interest remaining to be paid on the Water Utility Revenue Bonds are \$270,140,505.

Events of default with finance related consequences and subjective acceleration are included in section 7 of the indentures for both of the bonds listed above. These acceleration clauses only occur upon continued default in payment of performance of covenanted actions and receipt of a written request of not less than a majority of the bondholders, after which the Trustee would pull from funds on hand under the separate section of the agreement, and then upon court order from net revenues of the system held by the City.

The bonds and notes of the Water Utility are secured by and payable from certain revenues of the City's water enterprise fund (the "Water Fund"), amounts that are derived from "property related fees" collected by the City for water service. Application of amounts in the Water Fund is governed by the requirements of Article XIIIID, Section 6 of the California Constitution, which provides that the Water Fund may only be used for the water enterprise and may not be used for general governmental purposes. The City is in compliance with its covenants in connection with its obligations, including covenants on the current rates and charges, and the Water Fund has revenues sufficient to meet the operation and maintenance costs of the water enterprise, scheduled debt service and required debt service coverage.

**City of Stockton**

**For the Year Ended June 30, 2022**

---

**Note 8 – Long-Term Liabilities (Continued)**

**B. Business-Type Activities (Continued)**

**Debt Covenants**

The Revenue Bonds all require the maintenance of a financial covenant of minimum debt service coverage (DSC) ratio. The minimum DSC ratio for the water bonds is 115% of net system revenues, which are pledged for repayment of the revenue bonds. The DSC ratio is the measure of the Water Fund's ability to have sufficient resources to pay its debt service. The Water Fund has met its DSC for the fiscal year ended June 30, 2022.

**Unused lines of Credit**

There are no unused lines of credit as it pertains to the operation of the water utility.

**Wastewater Utility**

**Stockton Public Financing Authority Wastewater Revenue Refunding Bonds, Series 2014**

Wastewater Revenue Refunding Bonds, Series 2014 (1998 Wastewater Project and 2003 Wastewater Project) were issued in an amount of \$69,440,000 by the SPFA on November 24, 2014. As of June 30, 2022, bonds totaling \$43,755,000 are due in annual installments of principal ranging from \$4,410,000 to \$6,530,000 from September 1, 2022, through September 1, 2029, with interest rates of 5.00% on the bonds outstanding. The Bonds were issued to advance refund the 1998 and 2003 certificates of participation. Repayment of the Bonds is a pledge of net revenues of the Wastewater Fund. With the implementation of Government Accounting Standard Board (“GASB”) Statement No. 65, the balance of the loss on refunding is reported as a deferred outflow of resources and at June 30, 2022, there is \$1,223,060 outstanding. The principal amount due is reported net of the unamortized premium of \$5,233,863.

**Stockton Public Financing Authority Wastewater Bond Anticipation Notes, Series 2019**

Wastewater Bond Anticipation Notes, Series 2019 (the “Notes”) were issued in an amount of \$118,510,000 by the SPFA on October 22, 2019. As of June 30, 2022, notes totaling \$118,510,000 were due to be repaid June 1, 2022, were outstanding at a rate of 1.40%, and were callable any time after June 1, 2021, should future financings provide cheaper financing. The Notes were issued to provide initial funding to commence with the Regional Wastewater Control Facility upgrades, which are necessary to maintain compliance with updated state and federal standards. Repayment of the notes is from a pledge of net revenues of the Wastewater Fund and the Notes are issued on parity with the 2014A bonds. The Notes were issued without premium or discount. The Notes were paid off during the year ended June 30, 2022.

**Stockton Public Financing Authority- 2020 Water Infrastructure Finance and Innovation Act (WIFIA) Loan**

The WIFIA loan was entered into with the U.S. Environmental Protection Agency (the “EPA”) on September 29, 2020, and secured long-term financing in the amount of \$108,000,000 at a rate of 1.20%. The payments are interest only until March 1, 2030. As of June 30, 2022, bonds totaling \$108,000,000 are due in annual installments of principal ranging from \$4,318,797 to \$5,548,218 from March 1, 2030 through March 1, 2051. Proceeds of the WIFIA loan were taken out in November 2021, and together with cash on hand, were used to redeem the 2019 Bond Anticipation Notes (BANs) in the amount of \$118,510,000 on December 1, 2021.

This long-term financing is for the Regional Wastewater Control Facility upgrades, which are necessary to maintain compliance with updated state and federal standards. Repayment of the WIFIA loan is from a pledge of net revenues of the Wastewater Fund and the loan is issued on parity with the 2014A bonds. The loan was issued at par value.

In the event of default, 1) the EPA may suspend or terminate all of its obligations with respect to the disbursement of any undisbursed amounts of the loan, 2) may apply the default rate provisions of the interest rate specified in the agreement, 3) may suspend or debar the City from further participation in any government program administered by the EPA and to notify other departments and agencies of such default; and/or be 4) entitled and empowered to institute any actions or proceedings at law or in equity for the collection of any sums due and unpaid.

**Pledged Revenues**

The City has pledged future net revenues from the Wastewater Fund for the repayment of the Bonds and Notes. For the year ended June 30, 2022, the City paid total principal and interest of \$7,695,195, and an additional \$10,510,000 in cash was utilized to redeem the 2019 BANs, and had net revenues of \$30,847,429. Rate stabilization Funds balances at the end of FY 21/22 stand at \$12,998,654. On June 30, 2022, the total principal and interest remaining to be paid on the Wastewater Bonds are \$185,740,402.

The bonds of the Wastewater Utility are secured by and payable from certain revenues of the City's wastewater enterprise fund (the “Wastewater Fund”), amounts that are derived from "property related fees" collected by the City for wastewater service. Application of amounts in the enterprise fund is governed by the requirements of Article XIIIID, Section 6 of the California Constitution, which provides that the enterprise fund may only be used for the wastewater enterprise and may not be used for general governmental purposes. The City is in compliance with its covenants in connection with its obligations, including covenants on the current rates and charges, and the wastewater Fund has revenues sufficient to meet the operation and maintenance costs of the wastewater utility, scheduled debt service and required debt service coverage.

**Debt Covenants**

The Bonds requires the maintenance of a financial covenant of minimum debt service coverage (DSC) ratio. The minimum DSC ratio for Bonds is 115% of Adjusted Net System Revenues which are pledged toward repayment of all bonds. The DSC ratio is the measure of the Wastewater Fund’s ability to have sufficient resources to pay its debt service. The Wastewater Fund has met its DSC for the fiscal year ended June 30, 2022, at each measurement period.

**Wastewater Utility (Continued)**

**Unused lines of Credit**

There were no unused lines of credit as it pertains to the operation of the wastewater utility.

**Lease Payable**

On 09/10/2021, the City entered into a 23 month lease as Lessee for the use of Building ID 32627. An initial lease liability was recorded in the amount of \$8,758 as of 06/30/2022, the value of the lease liability is \$5,114. Stockton, CA is required to make monthly fixed payments of \$366.00. The lease has an interest rate of 0.3080%. The buildings estimated useful life was 23 months as of the contract commencement. The value of the right to use asset as of 06/30/2022 of \$8,758 with accumulated amortization of \$3,585 is included with Buildings on the Lease Class activities.

**Parking Authority**

**Stockton Public Financing Authority- Parking Revenue Bonds, Series 2020**

The 2020 Parking Revenue Bonds were issued in the amount of \$24,355,000 by the SPFA on February 12, 2020. As of June 30, 2022, the 2020 Parking Bonds totaling \$24,110,000 are due in annual installments of principal ranging from \$360,000 on March 1, 2022 to \$1,605,000 on March 1, 2047, with interest rates ranging from 4.00% to 5.00%, and a final maturity date of March 1, 2047. The 2020 Parking Bonds were issued to refund the bankruptcy settlement on the 2004 Parking bonds, and along with payments from the bond insurer, to payoff the holders of the 2004 Parking bonds, and to provide \$3 million in capital funding to finance repairs and upgrades to facilities. The 2004 bonds had financed the construction of the Stockton Events Center Parking Structure, the Edward S. Coy Parking Garage, and other parking facilities within the Parking Authority.

The repayment of the 2020 Bonds is from a pledge of net revenues of the fund. The principal amount due is reported net of the unamortized premium of \$5,172,846, and unamortized loss on refunding of \$427,240.

**Lease Payable**

The City has entered leases for the land, land improvements, buildings. The terms of the agreement range from 21 to 183 months. The calculated interest rates used were 0.3080% to 1.5120% based on the term of the agreements. The total principal and interest remaining to be paid on the lease payable are \$2,936,618.

**Pledged Revenues**

The City has pledged future net revenues from the Parking Authority Fund for the repayment of the settlement liability. For the year ended June 30, 2022, the City paid total principal and interest of \$1,419,200 and had net revenues of \$836,762.

**Note 8 – Long-Term Liabilities (Continued)**

**B. Business-Type Activities (Continued)**

**Downtown Marina**

**Construction and Planning Loans**

On March 17, 1997, the City entered into an agreement with the California Department of Boating and Waterways (“DBAW”) for a planning loan to provide funding for a feasibility study regarding the potential construction of waterfront improvements. That feasibility study was approved on May 16, 2000, and the City entered into an agreement with DBAW for the construction loan to develop a small craft harbor facility on August 9, 2004. Engineering work began in the fiscal year 2006. Construction of the facility started during the fiscal year ended June 30, 2009, and the project was completed in 2011. The principal remaining to be paid on both the planning and construction loans as of June 30, 2022 is \$10,870,821.

The construction note was scheduled to be repaid under a 30-year repayment schedule at 4.5% interest beginning in August 2011. Repayment of the Note is secured by a pledge of the gross revenues of the Downtown Marina, which have been insufficient to pay the full debt service. The loan provides that, subject to the requirements of Article XVI, Section 18 of the California Constitution (the “Debt Limit”), the City will make up any shortfall in debt service after application of Marina revenues. The Marina does not currently generate sufficient annual revenues to cover operational costs (net of debt service), and the City continues to provide an annual subsidy to the operator to cover this shortfall.

Under a settlement agreement with the Department of Boating and Waterways (DBAW), net revenues of the marina are pledged toward reducing the liability. The marina operates on a subsidy from the City and, absent that subsidy, is anticipated to operate at a loss for the foreseeable future. It is anticipated that settlement payments with the bond insurer for the 2004 bonds. There is a covenant to set rates such that they will provide net coverage for Operation and Maintenance (including the settlement payments) of 1.0 coverage. There are no events of default with finance related consequences and subjective acceleration clauses do not exist with respect to these frozen obligations.

The City’s settlement with DBAW as to the treatment of this obligation was confirmed as Part of the City’s Approved Bankruptcy Plan of Adjustment. The terms of the settlement call for the outstanding principal to be paid from net operating revenues of the Marina operation, with no interest accruing on the unpaid portion. The settlement removes the General Fund backing and a reserve fund balance formerly in place in the General Fund has been removed. With operations continuing to receive an annual subsidy, it is unknown when any principal reduction payment will occur. The debt payment schedule was not included in the table listed below in the “Annual Debt Service Requirements to Maturity” table.

**Successor Redevelopment Agency**

There are no unused credit lines for any Successor Agency debt. A pledge of tax revenues received by the Successor Agency as described below is the only source of payment pledged on these bonds and no real property is pledged as collateral. Section 10 of the indenture lists events of default that if uncured, may, with consent of 25% of the registered owners, result in acceleration of the bonds. Should this occur, funds held by the trustee will be immediately used to satisfy any defaulted payment. Subsequently, the bond insurer would be required to satisfy bondholders as payments become due. Upon court order, Tax Revenues received by the Agency would be transmitted to the Trustee, or Insurer to satisfy reimbursement. The bond insurer, at its option may satisfy the accelerated payments and seek reimbursement from Tax Revenues received by the Agency.

**2016 Tax Allocation Refunding Bonds, Series A and B (Federally Taxable)**

The Successor Agency issued the 2016 Tax Allocation Bonds, Series A in the amount of \$73,310,000 on November 3, 2016 to provide funds to refinance bonds issued in 2004 to finance a portion of the downtown Arena, and 2006 Series A bonds used to finance redevelopment projects in the North, South, and Midtown projects areas of the former Redevelopment Agency.

As of June 30, 2022, the 2016 Series A Bonds totaling \$73,310,000 are due in annual installments of principal ranging from \$610,000 on September 1, 2024 to \$7,195,000 on September 1, 2037, with final payment on September 1, 2037, with interest rates ranging from 3.25% to 5.00%. The principal amount due is reported net of the unamortized premium of \$6,849,237.

The 2016 Tax Allocation Bonds, Series B (Federally Taxable) were issued in the amount of \$30,010,000 on November 3, 2016 to provide funds to refinance Certificates of Participation issued in 2003 to finance the construction of capital improvements to provide redevelopment housing in the City of Stockton, and R2006 Series C Bonds issued to finance certain low and moderate-income housing projects throughout the City of Stockton.

As of June 30, 2022, the 2016 Series B Bonds totaling \$11,180,000 are due in annual installments of principal ranging from \$3,840,000 to \$3,925,000 due in annual installments through on September 1, 2024, with interest rates ranging from 2.375% to 2.75%. The principal amount due is reported net of the unamortized discount of \$70,195.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 8 – Long-Term Liabilities (Continued)**

**C. Fiduciary Fund Activities (Continued)**

The 2016 Series A and B bonds are limited obligations of the Successor Agency secured by a first charge and lien on, and a security interest in Tax Revenues received by the Successor Agency pursuant to the laws of the State of California related to Redevelopment Property Tax Trust Fund (“RPTTF”) and the revenues of the former Redevelopment Agency under California Health and Safety Code Sections 34183 and 34170.5(b), whereby the County Auditor-Controller is obligated to deposit the Tax Revenues into the RPTTF.

A pledge of tax revenues received by the Successor Agency as described below is the only source of payment pledged on these bonds and no real property is pledged as collateral. Section 10 of the indenture lists events of default that if uncured, may, with consent of 25% of the registered owners, result in acceleration of the bonds. Should this occur, funds held by the trustee will be immediately used to satisfy any defaulted payment. Subsequently, the bond insurer would be required to satisfy bondholders as payments become due. Upon court order, Tax Revenues received by the Agency would be transmitted to the Trustee, or Insurer to satisfy reimbursement. The bond insurer, at its option may satisfy the accelerated payments and seek reimbursement from Tax Revenues received by the Agency.

**D. Debt Without City Commitment**

Community Facilities Districts Debts:

Land Secured Debt Financing (No City Commitment) – The City has authorized the formation of community facilities districts (CFDs) and assessment districts (called local improvement districts) or LIDs and the issuance of bonds under various public improvement acts of the State of California to finance eligible public facilities necessary to serve developing commercial, industrial, residential and/or mixed-use developments. The bonds are secured by annual special tax levies or liens placed on the property within the districts.

The City is not liable for repayment and is only responsible for collecting the special taxes or assessments, making payment from the special taxes or assessments to bondholders, and initiating foreclosure proceedings when necessary. These bonds are payable solely from special taxes or assessments, specific reserves, and the proceeds from property foreclosures. Accordingly, the bonds are not reported as liabilities in the City’s basic financial statements. As of June 30, 2022, there were five CFD special tax bonds and four revenue bonds outstanding with aggregate principal amounts payable of \$29,009,000 and \$57,130,000, respectively.

<b>Subtotal Revenue Bond</b>		57,130,000	
<b>Total Noncity Obligation</b>		\$ 86,139,000	

**E. Conduit Debt**

Conduit Debt (No City Commitment) – At June 30, 2022, there is no conduit debt outstanding that was issued with the City as the conduit issuer.

**Note 9 – Accrued Compensated Absences**

The value of all accumulated vacation and longevity vacation allowance is accrued, as appropriate, for all funds. Earned but unused sick is not accrued starting with negotiated bargaining unit contracts that began in the fiscal year 2012-13 and continued through June 30, 2022. The bargaining unit contracts state that all sick time accrual has no cash value upon separation from the City.

The compensated absence accrual is presented in the Government-Wide and Business Type proprietary fund financial statements. The changes in compensated absences of governmental and business-type activities are as follows:

	<b>Governmental Activities</b>	<b>Business-Type Activities</b>	<b>Total</b>
Beginning July 1, 2021	\$ 13,116,890	\$ 1,593,181	\$ 14,710,070
Additions	8,123,283	1,245,680	9,368,964
Payments	(9,284,972)	(1,398,955)	(10,683,927)
Balance June 30, 2022	<u>\$ 11,955,201</u>	<u>\$ 1,439,906</u>	<u>\$ 13,395,107</u>
Current Portion	<u>\$ 6,724,018</u>	<u>\$ 917,209</u>	<u>\$ 7,641,227</u>
Noncurrent Portion	<u>\$ 5,231,183</u>	<u>\$ 522,697</u>	<u>\$ 5,753,880</u>

**Note 12 – Retirement Plans (Continued)**

**A. CalPERS Retirement Plan**

**General Information about Pension Plans**

CalPERS is an agent multiple-employer agency trust, that acts as a common investment and administrative agent for participating public entities in the State of California and provides retirement, disability and death benefits to plan members and beneficiaries. CalPERS benefits are payable monthly for life in an amount equal to a certain percent of the employee's highest annual salary. Benefit provisions and all other requirements are established by contract with CalPERS, State statute, and City ordinance. Copies of the CalPERS comprehensive annual financial report may be obtained from the CalPERS Executive Office, 400 Q Street, Sacramento, CA, 95811.

**Plan Description** – All qualified permanent and probationary employees are eligible to participate in the City of Stockton's separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multiple-employer defined benefit pension plans administered by CalPERS, which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by state statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

The Safety Plan is for sworn Police and Fire employees. The contribution requirements of the plan members and the City are established and may be amended by CalPERS.

The Miscellaneous Plan is available to full-time employees not enrolled in the Safety Plan. Part-time employees must meet specific criteria for participation. City employees are eligible for service or normal retirement at age 55 or older with a minimum of five years CalPERS service. The contribution requirements of the plan members and the City are established by CalPERS and may be amended.

**Benefits provided** – CalPERS provides service retirement and disability benefits, the annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits for public safety employees are calculated based on the employee's highest earning year for Classic members or as a percentage of the employee's final 3-year average salary for PEPRA (California Employees' Pension Reform Act of 2013 PEPRA members) multiplied by the employees' years of service. Public safety employees with ten years of continuous service are eligible to retire at age 55. Public safety employees may retire at any age after 20 years of service. The Plans' provisions and benefits in effect at June 30, 2022, are summarized as follows:

<b>Safety</b>		
Hire Date	Prior to January 1, 2014	After January 1, 2014
Benefit Vesting Schedule	5 years service	5 years service
Benefit Formula	Tier II Fire: 3% @ 55 years of age	2.7% @ 57 years of age
Benefit Payments	All Other: 3% @ 50 years of age monthly for life	monthly for life
Required Employee Contribution Rates	9.00%	12.75%
Required Employer Contribution Rates	21.01%	21.01%
<b>Miscellaneous</b>		
Hire Date	Prior to January 1, 2014	After January 1, 2014
Benefit Vesting Schedule	5 years service	5 years service
Benefit Formula	Tier I: 2% @ 55 years of age	2% @ 62 years of age
Benefit Payments	Tier II: 2% @ 60 years of age monthly for life	monthly for life
Required Employee Contribution Rates	7.00%	6.75%
Required Employer Contribution Rates	10.22%	10.22%

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 12 – Retirement Plans (Continued)**

**A. CalPERS Retirement Plan (Continued)**

**General Information about Pension Plans (Continued)**

**Employees Covered** - At June 30, 2021, the measurement date, the following employees were covered under benefit terms:

	<b>Safety Plan</b>	<b>Miscellaneous Plan</b>
Inactive employees or beneficiaries currently receiving benefits	922	1561
Inactive employees entitled to but not yet receiving benefits	459	1470
Active employees	597	960
	<hr/> <hr/> 1978	<hr/> <hr/> 3991

**Contributions** – The City establishes rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by the employee during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the year ended June 30, 2022, the Safety Plan employer contribution rate was 21.01% of wages. The Miscellaneous Plan was 10.22% of wages.

**Net Pension Liability**

The City's net pension liability was measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2020, applying standard update procedures.

**Actuarial assumptions** – The total pension liability on June 30, 2021, the actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<b>Safety Plan</b>	<b>Miscellaneous Plan</b>
Valuation Date	6/30/2020	6/30/2020
Measurement Date	6/30/2021	6/30/2021
Actuarial Cost Method	Entry Age Normal in accordance with the requirements of GASB 68	
Actuarial Assumptions:		
Discount Rate	7.15%	7.15%
Inflation	2.50%	2.50%
Payroll Growth	2.75%	2.75%
Projected Salary Increase	Varies	(1) Varies (1)
Mortality	see note	(2) see note (2)

(1) Depending on age, service and type of employment

(2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

---

**Note 12 – Retirement Plans (Continued)**

**A. CalPERS Retirement Plan (Continued)**

**Net Pension Liability (Continued)**

**Long-term Expected Rate of Return** - The long-term expected rate of return on pension plan investments was determined using a building -block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The expected real rates of return by asset class are as follows:

<b>Asset Class<sup>1</sup></b>	<b>Assumed Asset Allocation</b>	<b>Real Return Years</b>	<b>Real Return Years</b>
		<b>1-10<sup>(2)</sup></b>	<b>11+<sup>(3)</sup></b>
Public Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
Total	100.00%		

<sup>(1)</sup> In the System's ACFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt

<sup>(2)</sup> An expected inflation of 2.00% used for this period.

<sup>(3)</sup> An expected inflation of 2.92% used for this period.

**Discount rate** – The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

On July 12, 2021, CalPERS reported a preliminary 21.3% net return on investments for fiscal year 2020-21. Based on the thresholds specified in CalPERS Funding Risk Mitigation policy, the excess return of 14.3% prescribes a reduction in investment volatility that corresponds to a reduction in the discount rate used for funding purposes of 0.20%, from 7.00% to 6.80%. Since CalPERS was in the final stages of the four-year Asset Liability Management (ALM) cycle, the board elected to defer any changes to the asset allocation until the ALM process concluded, and the board could make its final decision on the asset allocation in November 2021.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 12 – Retirement Plans (Continued)**

**A. CalPERS Retirement Plan (Continued)**

**Net Pension Liability (Continued)**

On November 17, 2021, the board adopted a new strategic asset allocation. The new asset allocation along with the new capital market assumptions, economic assumptions and administrative expense assumption support a discount rate of 6.90% (net of investment expense but without a reduction for administrative expense) for financial reporting purposes. This includes a reduction in the price inflation assumption from 2.50% to 2.30% as recommended in the November 2021 CalPERS Experience Study and Review of Actuarial Assumptions. This study also recommended modifications to retirement rates, termination rates, mortality rates and rates of salary increases that were adopted by the board. These new assumptions will be reflected in the GASB 68 accounting valuation reports for the June 30, 2022, measurement date.

**Changes in the Net Pension Liability**

The changes in the Net Pension Liability for each Plan are as follows:

	Safety Plan		
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
<b>Balances at 06/30/2020</b>	\$ 1,177,044,021	\$ 788,337,261	\$ 388,706,760

**Sensitivity of the net pension liability to changes in the discount rate** – The following presents the net pension liability of the City, calculated using the discount rate of 7.15 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.15 percent) or 1-percentage-point higher (8.15 percent) than the current rate:

**Safety Plan**

	1%	Current	1%
	Decrease	Discount	Increase
	Rate (6.15%)	Rate (7.15%)	Rate (8.15%)
Net pension liability	\$ 422,492,487	\$ 260,738,763	\$ 128,234,486

**Miscellaneous Plan**

	1%	Current	1%
	Decrease	Discount	Increase
	Rate (6.15%)	Rate (7.15%)	Rate (8.15%)
Net pension liability	\$ 155,132,371	\$ 57,853,230	\$ (23,004,058)

**Pension plan fiduciary net position** – Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

**Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

As of measurement date June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>Safety Plan</b>		
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Pension contribution subsequent to measurement date	\$ 39,176,629	\$ -
Changes of assumptions	- -	(183,436)
Differences between expected and actual experience	1,939,230	(8,133,062)
Net differences between projected and actual earnings on pension plan investments	- -	(88,410,848)
Total	<u>\$ 41,115,859</u>	<u>\$ (96,727,346)</u>

<b>Miscellaneous Plan</b>		
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Pension contribution subsequent to measurement date	\$ 20,497,511	\$ -
Changes of assumptions	- -	- -
Differences between expected and actual experience	- -	(5,322,178)
Net differences between projected and actual earnings on pension plan investments	- -	(67,002,123)
Total	<u>\$ 20,497,511</u>	<u>\$ (72,324,301)</u>

The \$39,176,629 and \$20,497,511 reported as deferred outflows of resources related to pension resulting from the City's contributions subsequent to the measurement date during the year ended June 30, 2022, will be recognized as a reduction of the net pension liability in the year ending June 30, 2023. Other amounts reported as deferred outflows, and deferred inflows of resources related to pensions will be recognized in future pension expense.

**B. PARS Enhancement Plan**

**General Information about Pension Plans**

**Plan Description** – The PARS Retirement Enhancement Plan (REP), a closed retirement plan, provides retirement benefits for Municipal Utility Department employees for the period they worked for OMI-Thames Water Stockton, Inc. The City entered into an agreement with Public Agency Retirement Services (the “PARS”) (a public sector retirement plan administrator specializing in providing public entities customized retirement plans and solutions) to contribute to a supplemental plan for employees joining or re-joining City service after having been employed between 2003 and 2008 by OMI-Thames, a private sector utility contractor. OMI-Thames employees did not earn CalPERS service credit during the period OMI-Thames operated the City utilities.

**Benefits provided** - Upon retirement, the REP benefits will supplement any CalPERS retirement for which those particular employees are eligible. Eligibility for the REP, a single-employer post-employment defined benefit plan, other than employment with OMI-Thames between 2003 and 2008, is defined as concurrent retirement with CalPERS and the City upon attaining age 55 and a minimum of 5 years of full-time continuous service with the City, with at least 1 year of continuous City service after March 1, 2008.

**Employees covered** - At June 30, 2020, valuation date, the following employees were covered by the benefit terms:

<b>PARS Enhancement Plan</b>	
Inactive employees or beneficiaries currently receiving benefits	35
Inactive employees entitled to but not yet receiving benefits	0
Active employees	47
	<b>82</b>

**Contributions** – The City establishes rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by the employee during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 12 – Retirement Plans (Continued)**

**B. PARS Enhancement Plan (Continued)**

**Net Pension Liability**

The City's net pension liability was measured as of June 30, 2022, using an annual actuarial valuation as of June 30, 2020, using standard update procedures.

**Actuarial assumptions** – The total pension liability on June 30, 2022, the actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

<b>PARS Enhancement Plan</b>		
Valuation Date	6/30/2020	
Measurement Date	6/30/2022	
Actuarial Cost Method	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	6.50%	
Inflation	2.50%	
Payroll Growth	2.75%	
Projected Salary Increase	3.40% - 10.50%	(1)
Investment Rate of Return	6.50%	
Mortality	see note	(2)

(1) Depending on years of service.

(2) Pre-retirement: Consistent with Non-Industrial rates used to value the CalPERS Miscellaneous Public Agency Pension Plans after June 30, 2017.

Post-Retirement: Consistent with Non-Industrial rates used to value the CalPERS Miscellaneous Public Agency Pension Plans after June 30, 2017.

**Discount rate** – The discount rate used to measure the total pension liability was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of currently active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**

**Note 12 – Retirement Plans (Continued)**

**B. PARS Enhancement Plan (Continued)**

**Sensitivity of the net pension liability to changes in the discount rate** – The following presents the net pension liability of the City, calculated using the discount rate of 6.50 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50 percent) or 1-percentage-point higher (7.50 percent) than the current rate:

**PARS Enhancement Plan**

	1% Decrease Rate (5.50%)	Current Discount Rate (6.50%)	1% Increase Rate (7.50%)
Net pension liability	\$ 4,840,934	\$ 3,314,753	\$ 2,025,531

**Pension plan fiduciary net position** – Detailed information about the pension plan's fiduciary net position is available in the separately issued REP financial report.

**Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>PARS Enhancement Plan</b>		
	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 100,836	\$ -
Differences between expected and actual experience	57,138	(26,109)
Net differences between projected and actual earnings on pension plan investments	1,032,633	-
Total	<u>\$ 1,190,607</u>	<u>\$ (26,109)</u>

The amounts above are net of outflows and inflows recognized in the 2021-2022 measurement period expense.

Amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

<b>PARS Enhancement Plan</b>		
Measurement periods ended June 30:	Deferred Outflows/(inflows) of Resources.	
2023	\$ 331,319	
2024	240,381	
2025	160,996	
2026	431,802	
2027	-	
Thereafter	-	
Total	<u>\$ 1,164,498</u>	

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 12 – Retirement Plans (Continued)**

**C. Retirement Benefits Fund (Section 115 Trust)**

The Retirement Fund is used to make contributions to the California Public Employees' Retirement System (CalPERS) for the City's defined benefit programs. Also accounted for in the Retirement Fund are monies in the form of an IRS approved Section 115 Plan, set aside to pay for future payment increases announced by CalPERS. At the end of fiscal year 2021-22, the Section 115 Plan, has \$69.9 million available to fund the annual liability payments. The Trust is monitored by the Administrative Services and Human Resources Departments.

**Note 13 – Claims Payable**

The City is exposed to various risks of loss related to liability torts; theft of, damage to, and destruction of assets; errors and omissions; health and medical needs of employees; and natural disasters. The City established three internal service insurance funds (General Liability, Workers' Compensation, and Employee Health Insurance funds) to account for and finance its self-insured risks of loss. Under the City's risk management program, the City retains risk for each general liability claim, for each workers' compensation claim (described under Risk Pools), and for each medical plan member under the health benefits program. The City purchases stop-loss coverage for the health benefits program over its \$350,000 self-insured retention (SIR) from Union Labor Life Insurance Company up to a maximum of \$1,000,000 per Original Plan member and \$2,000,000 per Modified Plan member. The City's coverage for SIR excess claims for general liability and workers' compensation is discussed later in this note under risk pools. The workers' compensation and health benefits programs are administered by third-party claims administrators. The general liability program is self-administered by the City.

The City's estimated liabilities for claims filed or expected to be filed up to the amounts for which it retains risk in the Internal Service Funds is reported as *Self-insurance claims and judgments*.

Charges to the General Fund and other funds are determined from an analysis of claims costs and are recorded as expenditures or expenses in the contributing funds and charges for services in the internal service funds. Charges for general liability and workers' compensation insurances are a percentage of payroll, and the charge for health benefits is a monthly dollar amount for all actively occupied positions.

Independent actuaries perform an analysis of the City's potential liability for the City's retained risk portions of the various self-insurance programs. The amounts recorded as liabilities represent estimates of amounts to be paid for reported claims, as well as incurred but not reported claims based on experience, modified for current trends and information. For general liability and workers' compensation for the current year, the present value of estimated outstanding losses is recognized at a 70% confidence level, using a 2.25% discount rate to reflect future investment earnings. While the ultimate amounts of losses incurred through June 30, 2022 are dependent on future developments, based on information provided by the City Attorney, outside counsel and others involved with the administration of the programs, the City's management believes that the aggregate accrual is adequate to recognize such losses. There have been no significant reductions in any of the City's insurance coverage each of the past three years.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 13 – Claims Payable (Continued)**

Changes in the balances of the City's claims liabilities, which include incremental claims adjustments expenses, for the current and prior fiscal years, are as follows:

	<b>General Liability</b>	<b>Workers' Compensation</b>	<b>Health Benefits</b>	<b>Total</b>
Balance, June 30, 2020	\$ 15,408,341	\$ 51,552,000	\$ 437,000	\$ 67,397,341
Claims incurred	(2,607,201)	11,650,192	3,651,216	12,694,207
Claims paid	(2,276,514)	(7,807,192)	(3,692,216)	(13,775,922)
Balance, June 30, 2021	10,524,626	55,395,000	396,000	66,315,626
Claims incurred	5,939,446	1,649,686	2,410,879	10,000,011
Claims paid	(959,839)	(7,544,686)	(2,410,879)	(10,915,404)
Balance, June 30, 2022	<u>\$ 15,504,233</u>	<u>\$ 49,500,000</u>	<u>\$ 396,000</u>	<u>\$ 65,400,233</u>

**Risk Pools** – The City is a member of two joint powers authorities organized under California Government Code for the purpose of pooling self-insured losses, as described below.

**General Liability Insurance** - In 1986, the City joined with other municipalities and regional municipal joint powers authorities to form the California Joint Powers Risk Management Authority (CJPRMA), a public entity risk pool currently operating as a general liability risk management and insurance program for 22 member entities. The City's self-insured retention (SIR) is \$1.25 million. Losses above the City's SIR are pooled up to \$7.5 million per occurrence, with reinsurance above the \$7.5 million up to \$40 million by CJPRMA. Specific coverage includes comprehensive and general automotive liability, personal injury, errors and omissions, and certain other coverage.

The CJPRMA governing board is comprised of a representative from each member entity. All members have a single vote for policy and charter changes. An executive committee of seven is elected to handle administration. Members are assessed annual contributions based on actuarially determined rates. CJPRMA retroactively adjusts premium deposits for any excess or deficiency in deposits related to paid claims and reserves. Financial statements for CJPRMA for the fiscal year ended June 30, 2022, can be obtained from CJPRMA at 3201 Doolan Road, Suite #285, Livermore, California 94551.

**Property Protection** - The City participates in CJPRMA's All Risks Property Protection Program, which is primarily underwritten by a casualty insurance company. The Program provides \$400 million per occurrence in coverage to participating members, subject to a deductible of \$250,000. Premiums, which are negotiated each year, are based on property values and are not subject to retroactive adjustments.

**Workers' Compensation Insurance**- The City has been self-funded for its Worker's Compensation Program since 1979. In July 2003, the City joined California Public Entity Insurance Authority (CPEIA), a public entity risk pool which operated an Excess Workers' Compensation Program. CPEIA has since merged into an existing authority known as California State Association of Counties Excess Insurance Authorities (CSAC-EIA). The CSAC-EIA was formed in 1979 by 29 California counties for the purpose of pooling risk and providing a viable and cost-effective solution for the counties' insurance and risk management needs. In 2020, the EIA became Public Risk Innovation, Solutions, and Management. PRISM has since expanded to allow admittance from cities and other entities which currently includes 95% of the counties in California, nearly 70% of the cities, as well as, numerous school districts, special districts, housing authorities, fire districts, and other Joint Powers Authorities. The City's self-insured retention is currently set at \$500,000 per occurrence. Losses above the City's SIR are pooled up to \$4.5 million per occurrence by PRISM. Statutory coverage for losses above \$5 million is covered by reinsurance and excess insurance policies throughout PRISM.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 14 – Pollution Remediation Obligations**

GASB Statement No. 49 requires the former Agency, now Successor Agency, to report a pollution remediation liability upon the occurrence of an obligating event, such as being compelled by a regulatory agency or legal action to clean up existing pollution. The liability is estimated based on the expected future cash flows technique (i.e., the sum of the probability-weighted amounts in a range of possible estimated amounts). Only components of the liability (e.g., site assessment, site investigation, corrective measures feasibility study, remediation design, remediation operations and maintenance, and post-remediation monitoring) which can be reasonably estimated are included in the estimated liability. Expected recoveries from insurers and other responsible parties reduce the estimated liability.

Actual pollution remediation costs may vary from the estimated liability for many reasons, including changes in pollution laws and regulations, the technology used for the cleanup, the remediation plan or operating conditions, prices of products and services.

The former Agency, now Successor Agency, has identified the UNOCAL site along the Stockton channel that are designated “Brownfields” by the U.S. Environmental Protection Agency, with the goal of revitalizing contaminated properties that the Successor Agency currently owns in the area near Stockton’s downtown waterfront in the Waterfront Redevelopment Project Area. The following are details of the Successor Agency-owned contaminated site, including a description of the pollution, the obligating event requiring remediation action, estimable remediation costs components, and recoveries by responsible parties. Details of the liabilities as of June 30, 2022, are also discussed.

To provide clarification of the following discussion, the California Polanco Redevelopment Act (AB 3193, Chapter 1113, Statutes of 1990, Polanco), part of the Community Redevelopment Act, was enacted by the California legislature to assist redevelopment agencies in responding to brownfield properties in their redevelopment areas. It prescribes processes for redevelopment agencies to follow when cleaning up a hazardous substance release in a redevelopment project area. It also provides immunity from liability for redevelopment agencies and subsequent property purchases for sites cleaned up under a cleanup plan approved by the California Department of Toxic Substances Control or a Regional Board.

The following provides a discussion of the identified brownfield sites of the Successor Agency:

***Area 2A-Unocal*** – Soil and groundwater contamination has been identified in Area 2A-Unocal associated with total petroleum hydrocarbons, volatile and semi-volatile organic compounds. The obligating event for this site stems from a Polanco agreement notice issued to the responsible party, currently in negotiation for settlement. Estimated costs are for a consultant, legal and City personnel costs for cleanup of the soil contamination, and pre-clean up and investigative study of the site about the groundwater contamination. Future groundwater cleanup and ongoing post-remediation monitoring costs cannot be reasonably estimated. The net pollution remediation liability of this site as of June 30, 2022, is \$431,250, which includes an estimated recovery of costs by the responsible party.

The total net estimated net pollution remediation liability for the site in the amount of \$275,000, is reported to the Successor Agency as of June 30, 2022.

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 15 – Individual Fund Disclosures**

***Deficit Fund Balances***

At June 30, 2022, the following funds had net positions or fund balance deficits:

Fund	Fund Type	Deficit
Parking Authority	Enterprise Fund	\$ (5,443,467)
Successor Agency	Private Purpose Trust Fund	(59,563,635)

- The Parking Authority Fund has an accumulated deficit fund balance of \$5,443,467 as of June 30, 2022. This is due to an interfund loan borrowing from the Worker's Compensation Fund for \$8,915,000. It is in relation to the payoff of the 2006 Series A ESB bonds previously held in the City's Debt Service Fund. The loan terms are set at 2%, biannual payments with anticipated payoff date of February 1, 2032.
- The Successor Agency to the Redevelopment Agency Private Purpose Trust Fund has an accumulated deficit fund balance of \$59,563,635 as of June 30, 2022. This is an Agency Private Purpose Trust fund and not included in the City's net position. The fund has a bonds payable balance that causes the fund balance deficit.

**Note 16 – Commitments and Contingencies**

***Contingent Liability – Pending Litigation***

Various claims and legal actions are pending against the City, some of which have a reasonable possibility of an unfavorable outcome. These legal actions involve property, personal injury, and civil rights claims. GASB Statement No. 62 requires disclosure of pending litigation for which contingency is possible, and the amount cannot be reasonably estimated. As discussed in Note 13, the City is self-insured and has accrued a liability for estimated claims outstanding. Amounts for the claims, which cannot be reasonably estimated at this time, have not been included in the financial statements. Management, after consultation with legal counsel, is of the opinion that ultimate disposition of these matters will not have a material adverse effect on the City's financial position or results of operations.

***Capital Commitments***

The City is undertaking some capital improvement projects, the most significant of which include the following outstanding capital commitments at June 30, 2022:

	Amount
Waterfront Towers New City Hall	\$ 43,825,969
McNair Library & Recreation Center	7,248,590
Regional Waste Water Control Facility	4,145,215
Developer Reimbursements	5,598,041
Stockton Soccer Complex Upgrade	2,651,751
Sierra Nevada Street Sewer Line Rehab	2,306,966
Left Turn Street Additions	1,779,616
	<hr/>
	<hr/> <hr/> \$ 67,556,148

**City of Stockton**  
**Notes to the Basic Financial Statements (Continued)**  
**For the Year Ended June 30, 2022**

---

**Note 16 – Commitments and Contingencies (Continued)**

***Encumbrances***

The City utilizes encumbrance accounting as a means of controlling expenditures. Under this method, funds are encumbered when purchase orders, contracts, and other commitments are signed or approved by authorized City officials. Such outstanding commitments at the end of the year do not constitute expenditures or liabilities under GAAP.

GASB Statement No. 54 provides additional guidance on the classification within the fund balances section of amounts that have been encumbered. Encumbrances of balances within the governmental funds are classified as either committed, restricted, or assigned and are included in the respective classification. Outstanding encumbrances at June 30, 2022, are as follows:

	Amount
General Fund	\$ 7,319,267
Housing Grant Fund	1,410,888
Special Grant Fund	14,262,063
Capital Improvements	68,989,057
Other Governmental Funds	<u>14,035,873</u>
Total Governmental Funds	<u>\$ 106,017,148</u>

***Facilities Management Agreement***

On March 20, 2018, the Stockton City Council approved the amendment of the current Facilities Management Agreement (Agreement) with SMG (now referred to as ASM) to include the Downtown Marina operations, extend the terms of the existing agreement and to include vendor performance benchmarks. ASM provides operation management and marketing services to the City for the Stockton. Events Center includes a multi-purpose indoor arena, a baseball park, the Events Center common areas, the Bob Hope Theatre, Oak Park Ice Arena and the Downtown Marina.

The current agreement will extend the terms until 2026 and may be renewed at the option of the City for one additional five-year period. Either party may terminate the Agreement for cause during the agreement period due to a material breach by the other party or for default.

ASM is responsible for operating these facilities in keeping with the management goals set and approved each year by the City Council, with the overarching goal of having the facilities operating revenues exceed the respective operating expenses.

ASM is required to provide various fidelity and performance bonds, which includes various types of coverage in the amount of \$1,000,000. This coverage extends to the areas of Commercial General and Automobile Liability, Professional Errors and Omissions, Crime, Employment and Worker's Compensation. Additionally, there is an Umbrella Liability coverage requirement of \$5,000,000.

Compensation to ASM is determined from a base fee for all venues, plus performance-based compensation, as defined in the Agreement. Both components are eligible for periodic adjustments based on the consumer price index (CPI).

Financial activities of ASM, as a service organization, is combined with and reported in the General Fund.

Pension	69,968,331	-	69,968,331
<b>Total restricted</b>	<b>\$ 524,405,555</b>	<b>\$ 25,394,011</b>	<b>\$ 549,799,566</b>

**Note 18 – Subsequent Events**

***Issuance of Debt in Districts that have no commitment from City resources***

**Westlake Villages II CFD 2018-2 Improvement Area 2**

On July 13, 2022, the City issued Special Tax Bonds, Series 2022, at a par amount of \$9,775,000. The final payoff of the debt is September 1, 2052. Payment of the bonds are solely derived from special taxes on residential properties in the district and city funds are not pledged toward repayment of the bonds.

**Cannery Park II CFD 2019-1**

On August 24, 2022, the City issued Special Tax Bonds, Series 2022, at a par amount of \$9,915,000. The final payoff of the debt is September 1, 2052. Payment of the bonds are solely derived from special taxes on residential properties in the district and city funds are not pledged toward repayment of the bonds.

**Notes to the Budgetary Comparison Schedule**  
**For the Year Ended June 30, 2022**

---

**1 Budgetary Information**

*Budget Process*

In accordance with the provisions of the City Charter, the City prepares and adopts a budget on or before June 30 for each fiscal year. Total appropriations shall not exceed the total of estimated revenues, estimated unencumbered balances of funds to be carried over from the preceding year and unencumbered available fund balances. The General Fund, HOME Programs Loans Special Revenue Fund, Low-Moderate Income Housing City Loans Special Revenue Fund and certain nonmajor special revenue funds (Solid Waste and Recycling, Gas Tax, Measure K Streets Sales Tax, Measure W Public Safety Sales Tax, Special Assessments, Development Services, and Other Special Revenue) and certain capital projects funds (Public Facilities Impact Fees and Capital Improvement) have legally adopted annual budgets. Prior to July 1, the original adopted budget is legally enacted through the passage of a resolution by the City Council. In the event this does not occur, the City Manager's draft budget is in force until a budget is adopted by the City Council.

Enterprise and internal service funds are accounted for on a cost of service (net income) or capital maintenance measurement focus. The City is not legally mandated to report the results of operations for these fund types on a budgetary comparison basis; therefore, budgetary data related to these funds has not been presented.

If expenditures exceed appropriations at the department level for the General Fund or at the fund level for all other funds, the City Manager is authorized to transfer budgeted amounts between line items within any fund. During the year, the City Council approves supplemental appropriations and, by resolution, has also authorized the City Manager to transfer fund balances to applicable appropriation accounts, or to transfer between funds, when necessary to continue purposes approved by the City Council in the current year, adopted budget, or subsequent action. Amounts reported as final budget in the Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – On a Budgetary Basis include amendments authorized throughout the year.

Formal budgetary integration is employed as a management control device during the year for the General Fund and certain Special Revenue and Capital Projects Funds. Formal budgetary integration is not employed for the Debt Service Funds because effective budgetary control is alternately achieved through bond indenture provisions.

All unencumbered appropriations lapse at year-end, with the exception of ongoing capital improvement projects and miscellaneous grants in the respective funds. Encumbered appropriations are re-appropriated in the following year's budget.

**1 Budgetary Information (Continued)**

Budget Basis of Accounting

The City adopts budgets each fiscal year on a basis of accounting, which is different from accounting principles generally accepted in the United States of America (GAAP).

The statements of revenue, expenditures and changes in fund balances have been prepared on the modified accrual basis of accounting in accordance with GAAP. The schedules of revenues, expenditures and changes in fund balances – budget and actual – on a budgetary basis have been prepared on the budgetary basis, which is different from GAAP.

The variations from GAAP that are for budgetary purposes include the following:

Outstanding commitments relating to construction contracts and other purchases of goods and services are recorded as expenditures at the time contracts or purchase agreements are entered into. Under GAAP, these obligations are recognized when goods are received or services are rendered.

The write-off uncollectable accounts receivables is not recognized as an expenditure. Under GAAP, these write-offs are recognized as expenditures when the accounts receivables are determined to be uncollectable.

Certain funds of the City contain capital projects, grant projects, loan programs or other programs that are budgeted on a multi-year or project length basis. The amounts of the projects and programs budgeted on a multi-year basis are significant compared to the items budgeted on an annual basis; therefore, a comparison of budget to actual for the fund would not be meaningful. As a result, such funds are excluded from budgetary reporting.

<sup>1</sup> Historical information is presented only for measurement periods for periods after GASB 68 implementation in 2013-14. Additional years of information will be displayed as it becomes available.

<sup>2</sup> During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75. Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

<sup>3</sup> Includes any beginning of year adjustment.

<sup>4</sup>Includes one year's payroll growth using 2.75% payroll growth assumption for fiscal years ended June 30, 2018-21; 3.00% payroll growth assumption for fiscal year ended June 30, 2014 -17.

**Notes to Schedule:**

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2018 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: None in 2019 -2021. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

<sup>1</sup> Historical information is presented only for measurement periods for periods after GASB 68 implementation in 2013-14. Additional years of information will be displayed as it becomes available.

<sup>2</sup> During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75. Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

<sup>3</sup> Includes any beginning of year adjustment.

<sup>4</sup>Includes one year's payroll growth using 2.75% payroll growth assumption for fiscal years ended June 30, 2018-21; 3.00% payroll growth assumption for fiscal year ended June 30, 2014 -17.

**Notes to Schedule:**

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2018 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: None in 2019 -2021. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

Contributions as a percentage of covered payroll <sup>3</sup>	17.87%	19.97%	24.61%	21.50%	22.74%

<sup>1</sup> Historical information is presented only for measurement periods for periods after GASB 68 implementation in 2013-14. Additional years of information will be displayed as it becomes available.

<sup>2</sup> Employers are assumed to make contributions equal to the actuarially determined contributions. However, some employers may choose to make additional contributions towards their unfunded liability. Employer contributions for such plans exceed the actuarially determined contributions.

<sup>3</sup> Includes one year's payroll growth using 2.75% payroll growth assumption for fiscal years ended June 30, 2018-21; 3.00% payroll growth assumption for fiscal years ended June 30, 2014-17.

**Notes to Schedule:**

The actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2020-21 were derived from the June 30, 2018 funding valuation report.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method/Period	For details, see June 30, 2018 Funding Valuation Report.
Asset Valuation Method	Fair Value of Assets. For details, see June 30, 2018 Funding Valuation Report.
Inflation	2.50%
Salary Increases	Varies by entry age and service
Payroll Growth	2.75%
Investment Rate of Return	7.00% Net of Pension Plan Investment and Administrative Expenses; includes Inflation.
Retirement age	The probabilities of Retirement are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015.
Mortality	The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries.

<sup>3</sup> Includes one year's payroll growth using 2.75% payroll growth assumption for fiscal years ended June 30, 2018-21; 3.00% payroll growth assumption for fiscal years ended June 30, 2014-17.

**Notes to Schedule:**

The actuarial methods and assumptions used to set the actuarially determined contributions for Fiscal Year 2020-21 were derived from the June 30, 2018 funding valuation report.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method/Period	For details, see June 30, 2018 Funding Valuation Report.
Asset Valuation Method	Fair Value of Assets. For details, see June 30, 2018 Funding Valuation Report.
Inflation	2.50%
Salary Increases	Varies by entry age and service
Payroll Growth	2.75%
Investment Rate of Return	7.00% Net of Pension Plan Investment and Administrative Expenses; includes Inflation.
Retirement age	The probabilities of Retirement are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015.
Mortality	The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries.

NONMAJOR GOVERNMENTAL FUNDS

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS**

Special revenue funds are used to account for specific governmental revenue sources that are restricted, committed or assigned to expenditures for specified purposes other than debt service or capital projects.

The City's nonmajor governmental special revenue funds include:

#### ***State Housing Grants Fund***

To account for resources for the City's CalHome State Loan Program that support homeownership programs aimed at very low income households and loans extended to eligible low and moderate-income families as approved by the former Stockton Redevelopment Agency and the California Health and Safety Code. This fund includes the City's annual funding for single family, down-payment assistance and single family rehabilitation from State funding sources.

#### ***Solid Waste and Recycling Fund***

To account for the administration of solid waste collection services, and the planning and implementation of solid waste reduction and recycling programs, in compliance with California Public Resources Code Section 40050 through 40063 (AB 939).

#### ***Gas Tax Fund***

To account for revenues and expenditures apportioned to the City under the California Streets and Highway Code, sections 2103 through 2107.5. Expenditures of these resources for administration, maintenance and construction must be street and transportation related.

#### ***Measure K Streets Sales Tax Fund***

To account for revenues and expenditures apportioned to the City from ½ cent sales tax collections under Measure K. The Measure K program is administered by the San Joaquin Council of Governments ("SJCOC") as the Local Transportation Authority for San Joaquin County. SJCOC was established as the Local Transportation Authority for this measure when San Joaquin County voters approved the enactment of the Measure K program in 1990. In 2006, voters approved to extend this measure for an additional 30 years. Expenditures for administration, maintenance and construction received under Measure K must be for street and transportation related projects.

#### ***Measure M Strong Communities Initiative***

Measure M implements a dedicated one-quarter (1/4) cent special transactions and use sales tax for a period of 16 years for the provision of library and recreation services. On May 24, 2016, the Stockton City Council approved placing a one-quarter (1/4) cent sales tax on the November 8, 2016, General Election ballot with a Council vote of 7 - 0 and adopted Resolution 2016-05-24-1602. Minor amendments were made to define the incorporated area of the City of Stockton, the election date, and to correct the name of a state board that had changed, based on comments received from the California State Board of Equalization, and the Resolution was superseded by Resolution 2016-06-07-1212 on June 7, 2016.

#### ***Measure W Public Safety Tax Fund***

Measure W is a one-quarter (1/4) cent transaction and use sales tax which was approved by voters in November 2004. Expenditures are for administration, implementation, and operation of the Police and Fire Safe Neighborhood Gang and Drug Prevention Program, among other programs.

#### ***Special Assessment Fund***

To account for revenues and expenditures related to levies on property owners as approved by the City Council and state laws for special types of services – basic street and neighborhood lighting, land and streetscapes, and stormwater drainage maintenance services.

## **NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)**

### **SPECIAL REVENUE FUNDS (CONTINUED)**

#### ***Development Services Fund***

To account for resources for development planning and project review services including land use entitlements, permit processing and review and inspection of public improvements to ensure orderly physical growth and development of the City as approved by the City Council. Revenues and fees collected and recorded in this fund are committed to its related activities.

#### ***Other Special Revenue Fund***

To account for the resources of comparatively smaller special revenue funds, including the Litigated Asset Seizure public safety program, State Housing Loan Program and various governmental expendable special revenue/trusts of funds donated to the City for various community projects and programs.

#### ***Transportation Development Act Fund***

To account for the Local Transportation Fund revenues derived from a 1/4-cent general sales tax. The revenues collected are used for non-transit related purposes.

### **CAPITAL PROJECT FUNDS**

Capital Project Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The City's nonmajor governmental capital project funds include:

#### ***Public Facilities Impact Fees Capital Projects Fund***

To account for the collection of and expenditure of fees imposed as a condition of new development within the City, in compliance with California Government Code Section 66006 (AB 1600). Impact fees have been established for each of the following types of public facilities: Traffic signals, Street improvements, Community recreation center, City office space, Fire stations, Libraries, Police stations, Parkland, Street tree & street signs, Street light in-lieu, Air quality mitigation, and Public facilities fees – administration.

### **DEBT SERVICE FUNDS**

Debt Service Funds are used to account for and report financial resources that are restricted committed, or assigned to expenditures for principal and interest on long-term debt.

The City's nonmajor governmental debt service funds include:

#### ***Stockton Public Financing Authority Debt Service Fund***

To account for the accumulation of resources for the retirement of principal and interest payment on long-term debt for municipal bonds issued on behalf of and approved by the Stockton Public Financing Authority.

### **PERMANENT FUND**

The Permanent Fund reports resources that are legally restricted to the extent that only earnings, and not principal, can be spent. Permanent Fund resources help support designated arts, recreation, library and public safety programs.

INTERNAL SERVICE FUNDS

## **INTERNAL SERVICE FUNDS**

Internal service funds are a type of proprietary fund used to report any activity that provides goods and services on a cost-reimbursement basis to other funds, departments, or agencies of the primary government and its component units, or to other governments.

The City's internal service funds include:

### ***General Liability Insurance Fund***

To account for premiums and claims paid and the administration of general liability insurance provided to all City departments on a cost reimbursement basis. The fund also accounts for future estimated related liabilities to the City based on independent actuarial studies utilizing insurance industry standards of applicable data, factors and assumptions.

### ***Workers' Compensation Insurance Fund***

To account for premiums and claims paid and the administration of workers' compensation liability insurance provided to all City employees incurring injury on the job, of which health benefits and other related liability costs are funded by City department payments into the fund. The fund also accounts for future estimated related liabilities to the City based on independent actuarial studies utilizing insurance industry standards of applicable data, factors and assumptions.

### ***Employee Health Insurance Fund***

To account for premiums and claims paid and the administration of health benefits insurance provided to qualified active and qualified retired City employees, with City departmental payments made to the Fund sought to reimburse health related expenses incurred by the Fund. The fund also accounts for future estimated related liabilities to the City based on independent actuarial studies utilizing insurance industry standards of applicable data, factors and assumptions.

### ***Retirement Benefits Fund***

To account for the accumulation and payout of resources for the purpose of providing defined retirement and disability benefits, annual cost of living adjustments and death benefits to City employee plan members and beneficiaries through the California Public Employees' Retirement System ("CalPERS") on a cost reimbursement basis. The fund also accounts for future estimated related liabilities to the City based on independent actuarial studies utilizing insurance industry standards of applicable data, factors and assumptions, of which were pre-funded by bond proceeds from the 2007 Taxable Pension Obligations Bonds, Series A and B.

### ***Other Benefits and Insurance Fund***

To account for premiums and claims paid and the administration of comparatively smaller insurance funds provided to City employees on a cost reimbursement basis. Included are long - term disability, life insurance, unemployment, and termination pay benefits.

### ***Vehicle Fleet Equipment Fund***

To account for the financing, operations, servicing and maintenance of fleet vehicles and major equipment utilized by City departments, of which the services are rendered on a cost reimbursement basis.

### ***Computer and Radio Equipment Fund***

To account for the financing, service and maintenance of all computer, radio equipment and related equipment provided to City departments on a cost reimbursement basis.

### ***Other Equipment Fund***

To account for the financing, operating and maintenance of other, comparatively smaller equipment funds provided to City departments on a cost reimbursement basis. Included are office, printing, and mailing equipment.

CUSTODIAL-FIDUCIARY FUNDS

## **CUSTODIAL FUNDS**

Custodial funds are a type of fiduciary fund used to account for assets held in an agency capacity for parties outside the City. The resources of these funds cannot be used to support the City's own programs.

The City's custodial funds include:

### ***Land-Secured Financing Agency Fund***

To account for special taxes or assessment collections from property owners that are authorized under various public improvement acts of the State of California. The City acts only as an agent and forwards collections to bondholders and initiated foreclosure proceedings when necessary.

### ***All Other Agency Funds***

To account for various cultural, recreational and educational programs that the City administers on behalf of other governmental and private sector entities and organizations.

STATISTICAL SECTION

## **STATISTICAL SECTION OVERVIEW**

This part of the City's annual comprehensive financial report is not covered by the Independent Auditor's Report, but presents supplemental detailed information for the benefit of readers in understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

### **Financial Trends (pages 152-165)**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

### **Revenue Capacity (pages 166-173)**

These schedules contain information to help the reader assess the City's most significant local revenue sources, transient occupancy tax ("TOT") and property taxes.

### **Debt Capacity (pages 174-182)**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

### **Demographic and Economic Information (pages 183-184)**

These schedules offer demographic and economic indicators to help the reader understand the environment with which the City's financial activities take place.

### **Operating Information (pages 185-191)**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs.

(1) For FY 2022, all exemptions (secured, utility, and unsecured rolls) are: homeowners - \$215,033 and other - \$1,805,001 = \$2,020,034

Note: In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the property being sold is reassessed at the purchase price. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Note: On June 6, 1978, California voters approved an amendment to the Article XIII A of the California Constitution. The amendment, commonly known as Proposition 13, limits the taxing power of California public agencies. The California Legislature enacted legislation to implement Article XIII A (Statutes of 1978, Chapter 292, as amended) providing that local agencies may not levy any property tax except to pay debt service on indebtedness approved by voters prior to July 1, 1978, and that each county will levy the maximum tax permitted of \$1.00 per \$100.00 of full assessed value.

(1) Exemptions relative to secured tax roll:

FY 2022 - homeowners - \$214,936 and other - \$1,779,468 = \$1,994,405

FY 2013 - homeowners - \$240,576 and other - \$1,320,896 = \$1,561,472

Note: In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold. At that point, the purchase price becomes the new assessed value. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

(1) Reflects City assessed valuation excluding other exemptions of \$1,764,618,090. Redevelopment Agency was dissolved in 2013.

Under State law, the City has a legal debt limitation not to exceed 15% of the total assessed valuation of taxable property within the City boundaries, adjusted for subsequent legislative actions. In accordance with California Government Code Section 43605, only the City's general obligation bonds are subject to the legal limit. The City of Stockton does carry bonded debt secured by special assessments and other revenue sources, but at this time, doesn't have any outstanding general obligation bonds. The City is not at risk of exceeding its legal debt limit.

Note: Net Available Revenue for the Water Bonds provides a 3.35 debt coverage ratio for the senior lien issues and a 1.16 debt coverage ratio for the subordinate lien issues.

(Continued)

(1) Total operating revenue and contributions/transfers

(2) Total operating expenses exclusive of depreciation and amortization.

\* Coverage requirement is 1.15, however, it is applied in sequence, first to the senior, and then to the subordinate issues.

Done in sequence both senior and subordinate issues met the coverage requirement in both years.

(1) Labor Force corrected for FY 15, FY 16, FY 17 which reported previously as San Joaquin County labor force , corrected to State, the City of Stockton labor force only.

Personal income is the income received by all persons from all sources. Personal income is the sum of net earnings by place of residence, rental income of persons, personal dividend income, personal interest income, and personal current transfer receipts.

Per capita personal income is calculated as the personal income of residents of a given area divided by the resident population of the area. In computing per capita personal income, Bureau of Economic Analysis uses the Census Bureau's annual midyear population estimates.

(1) Housing Dept. was abolished and Economic Development Dept. was established in FY 2010.

(2) Changed reporting to Dwelling Unit Equivalent (DUE) in 2011 to more accurately reflect new connections. Not all single water connections are equal to one dwelling unit equivalent (DUE), or single family residence. For example, a 12" meter is equal to 209 single family residential connections. In 2011, there were 115 new connections which were equal to 654 DUE's.
